- Organizing Carpediem, the biennial Techno-Cultural fest of the institute
- Delivering guest lectures and mentoring the students

Alumni Association also supports by providing financial help to the economically back ward students and providing constructive feedback on curriculum development, teaching-learning, research and infrastructural facilities, library, sports and canteen facilities, etc, which contributes to the overall development of Institute.

6.12 Activities and support from the Parent – Teacher Association

The parent-teacher associations are in place in the college. PTA meetings are conducted to get inputs for improving the teaching and learning environment. Head of the Institution, HoD's and teachers interact with the parents as and when required to communicate academic progress, attendance and their behavioral issues, if any. Distinguished parents provide valuable feedback on curriculum development, teaching-learning, research and infrastructural facilities, library, sports and canteen facilities, etc, which contributes to the overall development of Institute.

6.13 Development programmes for support staff

The supporting staff members are encouraged to upgrade their skills by being deputed to relevant authorized /recognized training centers in their respective trades/fields.

6.14 Initiatives taken by the institution to make the campus eco-friendly

Some of the initiatives taken by the institution to make the campus eco-friendly are plantation

drives, rain harvestings, save energy campaigns, save water campaigns, Swachh Bharat programmes, generation and use of solar energy, construction of check dams, etc.

Criterion – VII

7. **Innovations and Best Practices**

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

Proposed to change lecture hour duration from 50 minutes to 60 minutes. To facilitate the same, the college working hours increased by 15 minutes.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

The minutes were forwarded to respective departments/sections for effective implementation of the 'Action Plan'. At the end of the academic year, all the directions in action plan have been successfully implemented.

7.3 Give two Best Practices of the institution (please see the format in the NAAC Self-study Manuals)

Two Best Practices of the institution are attached as Annexure - II

****Provide the details in annexure (annexure need to be numbered as i, ii, iii)***

7.4 Contribution to environmental awareness / protection

- PARIVRITA, an environmental club, creates awareness about the issues of environment among the students and the need to protect it. It also sensitizes the students to take part in Environment and Sustainability related activities.
- The institution is very much committed to preserve and protect environment in its entirety. A qualified and experienced horticulturist takes care of developing and maintaining greenery. The green cover encompasses 40% of the campus land area with various shady trees like Delonix, Pongamia, Palm and Neem species alongside the lush green lawns endowed with various crotons and supported by hedges, Ashokas. The college has taken its share of social responsibility in reducing carbon emission through renewable energy source like solar energy for computer labs in mechanical engineering department and lamps in the entire CBIT campus. The conventional lighting is steadily replaced with CFL and LED lamps. There is an adequate mechanism prevails in the institute for maintaining and protecting the green environment.

7.5 Whether environmental audit was conducted? Yes No

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

SWOC ANALYSIS

STRENGTHS:

Accreditation:

- Accredited by NBA (AICTE) in 1998, 2004, 2008.
- Accredited by NAAC (UGC) in 2010.

- ISO 9001:2008 certified Institutions

Quality improvement support:

Placements:

It has credibility of achieving campus placements for most of the eligible and interested students during the past 5 years.

Human resource:

It has qualified, competent, well experienced and young dynamic faculty and is known for its high retention factor.

Students Outcome:

The pass percentage is consistent with 93% on an average out of which 85% of the students are passing either in distinction or in first class. More than 75% of the students are being placed in highly reputed companies through campus placements. The remaining students are pursuing their higher education, seeking public sector jobs or becoming entrepreneurs.

Alumni:

Strong and active Alumni Association is the strength of the Institution

Research and Consultancy:

Institute has good number of research projects funded by various funding agencies like DST, UGC, AICTE, DRDO, BHEL, etc., and the college is encouraging its faculty and students to carry out research projects by extending financial support. Good number of consultancy projects are undertaken by the Institute.

WEAKNESSES:

Non availability of 24x7 campus:

Due to non availability of staff quarters and hostels for students, the resources available in the institute are underutilized.

Database Center:

Due to non-availability of database center, collecting and compiling data for various reports to make for accreditation is not effective.

Research and Consultancy:

Even though good number of research and consultancy projects are undertaken by the institute, there is unequal contribution from all the departments.

Limited Facilities:

In spite of having good number of well qualified faculty, there is still a shortage of PhD qualified faculty in some of the departments. Quality Improvement Programme (QIP) for faculty to pursue PhD is not active.

OPPORTUNITIES:

Collaborations:

With Foreign Universities to get admission for further studies, work, do project or research, and exchange ideas.

Continuous learning:

For both teachers and students, improving employability opportunities.

Development Centre:

Establishment of Skills and Personality development centre with the available funds.

Enhance Industry-

Academia Interface: Practical exposure

CHALLENGES

Facing Competitors:

It will be a challenge to attract the top ranking students in future because of increasing

competition.

Changing Trends:

Changing national and global trends in technology / marketing and policies.

Demand and Supply Gap:

Mismatch between demand and supply of good faculty in terms of quality and quantity.

8. Plans of institution for next year

- To obtain autonomous status to the college
- To strengthen the teaching-learning process
- Centers of Excellence in Engineering and Technology
- to setup Incubation Centers
- Strengthening of Academic and R&D programmes in collaboration with reputed Universities and Industry
- Improving Placements in Core Sector
- Automation of Administrative and Academic Sections
- Construction of Girls Hostel and adequate Staff Quarters.
- Strengthening EDC & IIPC.
- Construction of state-of-the-art Auditorium.
- More collaborative programmes with Foreign Universities.
- To improve Industry Institute Interactions.
- To encourage faculty to publish technical papers in reputed journals.
- To depute more faculty for Conferences/Workshops etc
- To obtain accreditation for all eligible UG & PG programmes
- To encourage students to take part in National/International conferences and publish their Research work.
- To modernize laboratories
- To strengthen departmental libraries
- To depute supporting staff for training
- Establishing Consultancy Cell in each Department.

Two Best Practices of the institution

Best Practice -1

1. Title of the Practice:

Inculcating the spirit of research among faculty for a progressive technological growth

2. Objectives of the Practice

- To improve quality in the teaching-learning process
- To enhance quality in UG and PG projects
- To publish papers in refereed International/ National journals and conferences
- To undertake collaborative projects and consultancy for long term interaction with the academia and industry
- To attain IPRs
- To get research projects from several funding agencies

3. The Context

Research is a never ending quest for knowledge, which may be used to promote progress for the society. Today's world is rapidly developing, giving way and scope for new research initiatives to have a better life. To keep up with the growing needs and demands has become most essential parameter. To meet such demands, continuous research and development of new products and projects has become the need of the hour. This motivated the college to strengthen R&D activity that focuses on various independent domains and encourages multi disciplinary research.

4. The Practice

Teaching and Research must go together. With this aim, research is promoted by the college in the following ways and means:

- Providing opportunity to work at higher level institutions like IITs/IIMs for about six months
- Sponsoring for seminars/conference/workshops/Orientation courses /refresher courses like STTPs, FDPs, SDPs, etc. by paying registration fee, TA/DA with paid leave
- Financial incentives like paying registration fee for publications in journals and conferences and TA/DA for presentation of technical papers in various International/National conferences
- Modernization of laboratories with research facilities
- Exposure to international expertise by organizing invited lectures, work-shops, seminars and conferences, etc.
- Research Grant – Rs.10,000/- per faculty subject to a maximum of Rs.2,00,000/-
- To encourage to pursue PhD, institute provides tuition fee, documentation charges for PhD thesis in addition to infrastructure, computing, library facilities, etc.
- Providing high end computing facilities, with internet, Wi-Fi, and other facilities.

- The supporting staff is also encouraged to upgrade their skills by being deputed to relevant authorized /recognized training centers in their respective trades/fields.

5. Evidence of Success

Owing to the hard work done by the members of faculty, the following achievements have taken place in the Organization

- No. of teachers availed the facility and obtained their Ph.D.: 40
- No. of teachers availed the facility and pursuing their research: 61 submitted thesis
- No. of international publications by the faculty: *More than 40*
- No. of national publications by the faculty : *More than 25*
- No. of funded projects : 08

There is a tremendous improvement in teaching learning process as the faculty is exposed to latest areas of their topic of research. Further they are able to help the faculty who are fresh to initiate research. Good number of teachers got admission into Ph.D. at various universities. Students publications have increased and quality of student projects, both UG and PG, has been enhanced. Dr. P. Ravinder Reddy, Professor of Mechanical Engineering, Dr. N.V.Koteswara Rao, Professor of ECE & Dr. P. Narahari Shastri, Associate Professor of ECE, have filed for patents.

6. Problems Encountered and Resources Required

- Trying to inculcate the habit of doing research among many faculty which helps them to grow and the growth of college too
- They are given less teaching load and weekly-off if they complete Pre-Ph.D. Recruiting additional teachers to compensate causing financial burden
- More PG courses have been introduced recently so that teachers can teach advanced subjects which helps them in their research. Trying to get qualified and experienced teachers to fill the gap.
- Industry institute interaction should be improved. The college has tied up with some industries to improve quality in research

Best Practice -2

1. Title of the Practice-

Holistic approach for overall development of students by emphasizing co-curricular and extra-curricular activities.

2. Objectives of the Practice

- To improve the overall personality development
- To inculcate leadership and entrepreneurial traits
- To enhance communication and negotiations skills
- To augment social and human relations awareness
- To imbibe human values and professional ethics
- To train with planning and execution skills
- To build and balance physical, mental and emotional dimensions

3. The Context

Young minds are influenced significantly due to rapid cultural and social changes in the society. So, there is an urgency to steer, drive and enable them with proper values and ethics backed by mission and vision. In this direction there is ample

scope for adapting holistic approach for overall personality development of young minds in an education institution through planning and organizing various co-curricular and extra-curricular activities. Both technology and arts attribute equally for holistic development. CBIT being a technological institution, artistic approaches are being practiced through extra-curricular activities by organizing SHURTHI (An Annual sports and cultural fest), CARPEDIEM (bi-annual cultural fest), etc.

4. The Practice

CBIT provides ample scope for co-curricular and extra-curricular activities in addition to curricular activities.

- SHURTHI, An Annual Sports and Cultural fest.
 - SUDHEE, An Annual Student Technical Symposium
 - CARPEDIEM, Bi-annual Cultural fest.
 - T-SUMMIT, A three day student National Technopreneurial Conference
-
