Dear Sir/Madam,

This is in continuation to the Mail what my colleague Namrata has shared with you sometime back on the M Tech Interns. Please find below video link of Prof KNS Acharya – VP & Global Head of Education & Competency Development at KPIT Technologies Ltd. He has in detail mentioned about the M Tech internship program and we believe this could be immensely valuable to the students and will help them for sure to take an informed decision.

Mentioned below is the YouTube link for your perusal.

https://youtu.be/_1iVMN42vU

Prof. Acharya has also personally reached out over the email to your department heads and Heads of institutions with the internship program details including the project offerings. Pleased to inform you that we are getting very encouraging response from most of them.

Do feel free to revert should you need any additional information or clarification.

Appreciate all your help and support.

With Regards,

Raghesh Nair
