

Department of Chemical Engineering

FDPs organized

ACADEMIC YEAR 2023-24

The department of Chemical Engineering, CBIT, Hyderabad has organised a one-week online National-level Faculty Development Program (FDP) on “Empowering Educators: AI tools for Engineering and Technology”, from 29th January 2024 to 02nd February 2024. The concept of Artificial Intelligence (AI) Readiness and framework for training is a contextualised way of helping Educators to understand the difference between human and AI. Related AI tools are essential in today’s digital world due to the multiple intricacies, sensitivities, and variations between different sectors. This FDP is a comprehensive initiative designed to equip educators in the field of engineering and technology with the knowledge and skills required to integrate artificial intelligence (AI) tools into their teaching and research methodologies. Dr. Ravi Gujjula, Chief General Manager, Department of Skills Development & Training, Govt. of AP; Dr. Kishalay Mitra, Professor, Department of Chemical Engg, IIT Hyderabad, Dr. Arnab Dutta, Assistant Prof., Department of Chemical Engg, BITS Pilani, Hyderabad Campus and Sai Hitesh Bhandaru, Data Scientist at Ingenero, Mumbai were the eminent resource persons who have shared their knowledge through 10 technical sessions. About 210 academicians and research scholars from colleges of all states across the country from diverse fields of Engineering, Management, chemistry, Mathematics, Humanities, Linguistics, physical sciences have participated. The faculty Conveners were Dr. M. Mukunda Vani, Professor & HoD, Dr P. V. Naga Prapura, and faculty coordinators were Dr. Prasad Babu and Dr. Prasanna Rani. All the faculty and staff of the department are the organising committee members.

Prof & Head M. Mukunda Vani
