## What is Infinity?

Infinity is LTI's flagship case solving challenge designed for students to think of innovative ideas and apply their academic learnings to solve real world business needs. It is a forum to identify future tech leaders; those who have skills to resolve business challenges using Analytics, Cloud and Digital.

## How will the Infinity Challenge be conducted?

This 2 hour one-of-its-kind Infinity coding challenge will be held virtually.

## What's in it for me?

You'll have a career break-through with LTI at competitive salary packages with a chance to work on the emerging technologies

Salary Packages to be offered:

**INR 6.5 LPA | INR 8 LPA | INR 10 LPA**

## What is the judging criterion?

The first level would be of code evaluation that would be done by an automated platform followed by an evaluation by the LTI leadership. Your aim would be to clear each level of coding in the Infinity Challenge to attain the highest possible scores.

## What will be next steps?

The results for the Infinity challenge will be announced soon after the completion of the coding challenge. Students successfully clearing various levels of the Infinity Challenge will undergo Technical/HR interview rounds based on their performance.

**Interview results will be announced within 7-10 days from the date of interview.**
