THE EVENT:

- This MONTH-LONG PROGRAM called "**APP SECURITY CHAMPION**" will run from **28-JUNE-2021-15-AUGUST-2021**. It contains THREE PARTS.
- THE FIRST PART: A Course on "**VULNERABILITY ASSESSMENT FOR APP SEC**" - with self-paced classes (51.5 hours of learning, including 13.5 hours of theory and 38 hours of hands-on exercises) and assessments.
- Live sessions throughout the month with industry experts and veterans from the Industry, Academia and Research.
- **THE GREAT APPSEC HACKATHON in August-2021.**
- The deadline to register for the event is **24th June 2021**

ABOUT US:

- The Cybersecurity Centre of Excellence (CCoE) is a joint initiative of Data Security Council of India (DSCI) and the Government of Telangana.
- It is created to accelerate the cybersecurity and privacy momentum and create a conducive CYBERSECURITY and PRIVACY ecosystem which nurtures innovation, entrepreneurship, and capability building.
- CCoE has played a pivotal role in the Security domain with its Skill-building **initiatives and is** bringing you this initiative.

BACKGROUND:

- There are over 2 MILLION APPS EACH on Android and iOS.
- Yet, 55% do not make it to the platform as they are not security and privacy compliant!
- Security is not limited to a few experts! Knowledge in security and privacy is very important for app developers and infrastructure specialists of the future.
- The Career Opportunities in Application Security are IMMENSE.

ELIGIBILITY CRITERIA FOR PARTICIPATION AND BENEFITS:

- All the colleges in Telangana that have graduation / post-graduation courses can register their students who are currently pursuing a B.E/B.Tech/M.Tech/B.Sc/M.Sc degree (B.Tech/M.Tech-All Streams, B.Sc/M.Sc-Computers, Electronics, Electricals, Computers, Mathematics) , BCA/MCA
- Multiple exciting cash prizes, certificates, and awards to be won at both individual and college levels.
