Agenda 2: Scheme for III semester to VIII semester

- A strong objection was raised from BoS Members for the removal of C++ subject from II semester. They felt that most of the students are going for the software Industry jobs and C++ should be taught to all the BE students.
- All required fundamentals of mathematics should be covered in Maths-I, Maths-II & Maths -III.
- Since probability and Statistics is not covered, it can be offered as Elective or Department needed maths to be included and Fundamentals of Data Science to be introduced as CORE.
- Principles of Programming languages can be an elective.
- Scripting languages can be an elective in IV semester
- Students should be encouraged to do Miniprojects useful for society and Institute.
- C++, Java Programming, ,DBMS, Python Programming etc can be offered as Open electives from Department for non CSE and IT students.
- Electives suitable for PSO to be included.
- Industry support to be taken for syllabus preparation whenever needed.
- Semester V to Semester VIII scheme tentatively approved
- Students should be encouraged to do Internships.

Agenda 3: Any other item

Under any other item, it is proposed to have more industry institute interactions and invite them for knowledge dissemination.

The meeting was concluded with Vote of Thanks by the chairperson
