IEEE All-Society Periodicals Package (ASPP)

The IEEE All-Society Periodicals Package (ASPP) provides access to the core IEEE collection of technology journals. With peer-reviewed publications concentrating on theoretical and experimental papers, as well as practical applications in research, design, and specification, ASPP offers valuable research on a variety of topics.

IEEE-ASPP Online combines high-quality technical literature with the power of online searching, including: 190 IEEE online society-sponsored journals, transactions, and magazines. The Core subject collection includes engineering, electronics, and computer science periodicals with a backfile to 2010.

IEEE Proceedings Order Plan All (POP All)

IEEE Conference Proceedings IEEE Proceedings Order Plan - POP All—provide full-text access to cutting-edge research papers from IEEE conferences. With research available first, often months in advance of the leading journals, IEEE offers valuable information in any technology field. More than 2 million papers available in POP All from all IEEE-sponsored annual conferences

The comprehensive collection of technology conference proceedings from all IEEE conferences with a backfile to 2010.

4.2.2. 1.ii ASCE – Digital Library (<https://ascelibrary.org/>)

The screenshot shows the ASCE Library website homepage. The browser address bar displays "ascelibrary.org". The page features a dark blue header with the ASCE LIBRARY logo, access information for Chaitanya Bharathi Institute of Technology - Hyderabad, and navigation links for SEARCH, CART, LOG IN / REGISTER, and FIND MY INSTITUTION. Below the header is a blue navigation bar with categories: JOURNALS, BOOKS, MAGAZINES, AUTHOR SERVICES, and USER SERVICES. The main content area has a white background with a search bar and the text "Welcome to the ASCE Library! Find the Right Solution for Your Project." Below this are four featured categories: JOURNALS (with a cover for "Materials in Civil Engineering"), BOOKS (with a cover for "Surveying and Geomatics Engineering"), PROCEEDINGS (with a cover for "Electrical Transmission and Substation Structures 2022"), and STANDARDS (with a cover for "Design of Steel Lighting System Support Pole Structures"). Each category has a corresponding "MORE" link with a right-pointing arrow.

ASCE Library (<https://ascelibrary.org/>)

The ASCE Library is a comprehensive database covering full text of articles of interest across all disciplines of civil engineering. The Library provides access to more than 86,000 full-text of papers from over 33 ASCE's peer reviewed journals and over 190 proceedings published - that's over 690,000 pages! Approximately 7,000 new papers are added every year. Access to this premier collection is available from very first volumes.

Summary for the Year 2022

e-ShodhSindhu

Based on the recommendation of an Expert Committee, the Ministry of HRD (now renamed as Ministry of Education) has formed e-ShodhSindhu merging three consortia initiatives, namely UGC-INFONET Digital Library Consortium, NLIST and INDEST-AICTE Consortium. The e-ShodhSindhu will continue to provide current as well as archival access to more than 10,000 core and peer-reviewed journals and a number of bibliographic, citation and factual databases in different disciplines from a large number of publishers and aggregators to its member institutions including centrally-funded technical institutions, universities and colleges that are covered under 12(B) and 2(f) Sections of the UGC Act.

Aims and Objectives

The main objective of the e-ShodhSindhu: Consortia for Higher Education E-Resources is to provide access to qualitative electronic resources including full-text, bibliographic and factual databases to academic institutions at a lower rates of subscription. The major aims and objectives of the e-ShodhSindhu are as follows:

- Setting-up e-ShodhSindhu: Consortia for Higher Education E-Resources by augmenting and strengthening activities and services offered by three MHRD-funded Consortia;
- Develop a formidable collection of e-journals, e-journal archives and e-books on perpetual access basis;
- Monitor and promote usage of e-resources in member universities, colleges and technical institutions in India through awareness and training programmes;
- Provide access to subscription-based scholarly information (e-books and e-journals) to all educational institutions;
- Provide access to scholarly content available in open access through subject portals and subject gateways;
- Bridge digital divide and move towards an information-rich society;
- Provide access to selected e-resources to additional institutions including open universities and MHRD-funded institutions that are not covered under existing consortia;
- Take-up additional activities and services that require collaborative platform and are not being performed by existing Consortia; and
- Moving towards developing a National Electronic Library with electronic journals and electronic books as its major building blocks.

National Digital Library

National Digital Library of India (NDLI) is a virtual repository of learning resources which is not just a repository with search/browse facilities but provides a host of services for the learner community. It is sponsored and mentored by Ministry of Education, Government of India, through its National Mission on Education through Information and Communication Technology (NMEICT). Filtered and federated searching is employed to facilitate focused searching so that learners can find the right resource with least effort and in minimum time. NDLI provides user group-specific services such as Examination Preparatory for School and College students and job aspirants. Services for Researchers and general learners are also provided. NDLI is designed to hold content of any language and provides interface support for 10 most widely used Indian languages. It is built to provide support for all academic levels including researchers and life-long learners, all disciplines, all popular forms of access devices and differently-abled learners. It is designed to enable people to learn and prepare from best practices from all over the world and to facilitate researchers to perform inter-linked exploration from multiple sources. It is developed, operated and maintained from Indian Institute of Technology Kharagpur.

National Digital Library

National Digital Library of India (NDLI) is a virtual repository of learning resources which is not just a repository with search/browse facilities but provides a host of services for the learner community. It is sponsored and mentored by Ministry of Education, Government of India, through its National Mission on Education through Information and Communication Technology (NMEICT). Filtered and federated searching is employed to facilitate focused searching so that learners can find the right resource with least effort and in minimum time. NDLI provides user group-specific services such as Examination Preparatory for School and College students and job aspirants. Services for Researchers and general learners are also provided. NDLI is designed to hold content of any language and provides interface support for 10 most widely used Indian languages. It is built to provide support for all academic levels including researchers and life-long learners, all disciplines, all popular forms of access devices and differently-abled learners. It is designed to enable people to learn and prepare from best practices from all over the world and to facilitate researchers to perform inter-linked exploration from multiple sources. It is developed, operated and maintained from Indian Institute of Technology Kharagpur.
