CAT Registration Number	20056433	PWD Status	No
Gender	Male	Category	General
Date of Birth	05/Apr/1998	Date of Test	29th Nov 2020

Section		Section		Section		Total	
Verbal Ability & Reading Comprehension		Data Interpretation & Logical Reasoning		Quantitative Ability			
Scaled Score	Percentile	Scaled Score	Percentile	Scaled Score	Percentile	Overall Scaled Score	Overall Percentile
39.34	98.36	29.13	97.45	28.85	94.74	97.33	98.67

Instructions:

1. Only those candidates who have taken the Common Admission Test (CAT 2020) are entitled to receive the score card. Keep a print-out of this score card for your information pertaining to CAT 2020. You will not receive the score card by email or by post.
2. The Overall Scaled Score is the sum of the scaled scores of the candidate in the three sections.
3. Percentile refers to the percentage of candidates who receive a scaled score less than or equal to the scaled score obtained by the candidate.
4. IIMs and Non-IIM member institutions independently decide how to use CAT 2020 scores in line with their own selection process. The scores are to be used only for selecting the candidates to their respective Post Graduate/Fellow Programme(s) in Management.
5. Detection of instances of incorrect information and process violation by a candidate at any stage will lead to disqualification of the candidate. CAT scores of such candidates who are disqualified will become null and void. Such disqualified candidates will not be allowed to appear for CAT in future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualification and the associated penalties will take place with retrospective effect.
6. All queries regarding post-CAT 2020 selection process must be directed to the respective IIMs. CAT Centre will not answer post-CAT queries.
7. CAT 2020 score is valid only until 31st December 2021 and is subject to the candidate meeting the minimum eligibility marks in the qualifying examination. The score card will be available on www.iimcat.ac.in till 31st December 2021 to download.
8. Webmail support cat2020@iimdr.ac.in & cathelpdesk@iimcat.co.in will be available till 31st March 2021.

GATE 2019 Scorecard

Graduate Aptitude Test in Engineering

GATE
ORGANIZED AND SUPERVISED BY THE NATIONAL COORDINATION BOARD

Candidate's Details

Name

DURGA DEEKSHITHA KARAMSETTY

Registration Number

EC19S51409899

Examination Paper

Electronics and Communication Engineering (EC)

K Durga Deekshitha

(Candidate's Signature)

Marks out of 100* **35.33**

Valid from March 17, 2019 to March 16, 2022

Qualifying Marks**

26.7	24.0	17.8
General	OBC (NCL)	SC/ST/PwD

All India Rank in this paper **7304**

GATE Score **449**

Number of Candidates Appeared in this paper **104782**

* Normalized marks for multi-session papers

** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard

N. J. Vasa

Prof. Nilesh J. Vasa

March 17, 2019

Digital Fingerprint: 17a5f7758aaab1be726656937107a01d

Organizing Chairman, GATE 2019
(on behalf of NCB - GATE, for MHRD)

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Codes for XE and XL Paper Sections (compulsory section and any other two sections)

XE: Engineering Sciences

A - Engineering Mathematics (compulsory)

B - Fluid Mechanics

C - Materials Science

D - Solid Mechanics

E - Thermodynamics

F - Polymer Science and Engineering

G - Food Technology

H - Atmospheric and Oceanic Sciences

XL: Life Sciences

P - Chemistry (compulsory)

Q - Biochemistry

R - Botany

S - Microbiology

T - Zoology

U - Food Technology

Prof. Nilesh J. Vasa
March 17, 2019
Organizing Chairman, GATE 2019
(on behalf of NCB - GATE, for MHRD)

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

- M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard
- M_q is the qualifying marks for general category candidate in the paper
- \bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
- $S_q = 350$, is the score assigned to M_q
- $S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

March 18, 2020

* Normalized marks for Civil Engineering and Mechanical Engineering Papers
 ** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard

Prof. B. R. Chahar

Organizing Chairman, GATE 2020
(on behalf of NCB - GATE, for MHRD)

52fee346bd962faec9b88e0f88a7d081

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

M is marks (out of 100) obtained by the candidate in the paper

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \bar{M}_{ij} was computed using the formula

$$\bar{M}_{ij} = \frac{\bar{M}_t^\beta - M_q^\beta}{\bar{M}_{t1} - M_{i1}} (M_{ij} - M_{i1}) + M_q^\beta$$

where

M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session

\bar{M}_t^β is the average marks of the top 0.1% of the candidates considering all sessions

M_q^β is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

\bar{M}_{t1} is the average marks of the top 0.1% of the candidates in the i^{th} session

M_{i1} is the sum of the mean marks and standard deviation of the i^{th} session

Graduate Aptitude Test in Engineering (GATE) 2020 was organised by Indian Institute of Technology Delhi on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Human Resources Development (MHRD), Government of India.

March 17, 2019

Organizing Chairman, GATE 2019
(on behalf of NCB - GATE, for MHRD)

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

 March 17, 2019

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,
M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard
M_q is the qualifying marks for general category candidate in the paper
M̄_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
S_q = 350, is the score assigned to **M_q**
S_t = 900, is the score assigned to **M̄_t**

In the GATE 2019 score formula, **M_q** is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Prof. Nilesh J. Vasa March 17, 2019
Organizing Chairman, GATE 2019
(on behalf of NCB - GATE, for MHRD)

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_c - S_q) \frac{(M - M_q)}{(\bar{M}_c - M_q)}$$

where,
 M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard
 M_q is the qualifying marks for general category candidate in the paper
 \bar{M}_c is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
 $S_q = 350$, is the score assigned to M_q
 $S_c = 900$, is the score assigned to \bar{M}_c

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

* Normalized marks for Civil Engineering and Mechanical Engineering Papers
** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard

Prof. B. R. Chahar

Organizing Chairman, GATE 2020
(on behalf of NCB - GATE, for MHRD)

40c54d4a09769cbc3c8f97de018a50a5

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

M is marks (out of 100) obtained by the candidate in the paper

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the l^{th} session \bar{M}_{lj} was computed using the formula

$$\bar{M}_{lj} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{ll} - M_{lq}} (M_{lj} - M_{lq}) + M_q^g$$

where

M_{lj} is the actual marks obtained by the j^{th} candidate in l^{th} session

\bar{M}_t^g is the average marks of the top 0.1% of the candidates considering all sessions

M_q^g is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

\bar{M}_{ll} is the average marks of the top 0.1% of the candidates in the l^{th} session

M_{lq} is the sum of the mean marks and standard deviation of the l^{th} session

Graduate Aptitude Test in Engineering (GATE) 2020 was organised by Indian Institute of Technology Delhi on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Human Resources Development (MHRD), Government of India.

All India Rank in this paper **2141**

GATE Score **607**

Number of Candidates Appeared in this paper **104782**

* Normalized marks for multi-session papers
** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard

N. J. Vasa
Prof. Nilesh J. Vasa March 17, 2019
Organizing Chairman, GATE 2019
(on behalf of NCB - GATE, for MHRD)

Digital Fingerprint: c2c1aede501794e43ec98600a0ae8190

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

- M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard
- M_q is the qualifying marks for general category candidate in the paper
- \bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
- $S_q = 350$, is the score assigned to M_q
- $S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

* Normalized marks for Civil Engineering and Mechanical Engineering Papers
 ** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard

Prof. B. R. Chahar

Organizing Chairman, GATE 2020
(on behalf of NCB - GATE, for MHRD)

a81071592ecc24622f1c57145f0dfe5

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where

 M is marks (out of 100) obtained by the candidate in the paper M_q is the qualifying marks for general category candidate in the paper M_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions) $S_q = 350$, is the score assigned to M_q $S_t = 900$, is the score assigned to M_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session M_{ij} was computed using the formula

$$M_{ij} = \frac{M_t^i - M_q^i}{M_{it} - M_{iq}} (M_{ij} - M_{iq}) + M_q^i$$

where

 M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session M_t^i is the average marks of the top 0.1% of the candidates considering all sessions M_q^i is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions M_{it} is the average marks of the top 0.1% of the candidates in the i^{th} session M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

 M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard M_q is the qualifying marks for general category candidate in the paper M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions) $S_q = 350$, is the score assigned to M_q $S_t = 900$, is the score assigned to M_t In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Codes for XE and XL Paper Sections (compulsory section and any other two sections)**XE: Engineering Sciences**

- A - Engineering Mathematics (compulsory)

N. J. Vasa
 Prof. Nilesh J. Vasa March 17, 2019
 Organizing Chairman, GATE 2019
 (on behalf of NCB - GATE, for MHRD)

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

- M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard
- M_q is the qualifying marks for general category candidate in the paper
- M̄_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
- S_q = 350, is the score assigned to M_q
- S_t = 900, is the score assigned to M̄_t

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or μ + σ, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

TEST TAKER SCORE REPORT

Note: This report is not valid for transmission of scores to an institution.

Sai Niranjan Karthik Mulugu

Most Recent Test Date: June 4, 2021

Date of Birth: February 20, 1998

Registration Number: 9323561
Print Date: June 12, 2021

Retaking a GRE Test

You can take the GRE® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-809-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Reading	High(22-30)	<p>Test takers who receive a score at the HIGH level, as you did, typically understand academic texts in English that require a wide range of reading abilities regardless of the difficulty of the texts.</p> <p>Test takers who score at the HIGH level, typically</p> <ul style="list-style-type: none"> • have a very good command of academic vocabulary and grammatical structure; • can understand and connect information, make appropriate inferences, and synthesize ideas, even when the text is conceptually dense and the language is complex; • can recognize the expository organization of a text and the role that specific information serves within the larger text, even when the text is conceptually dense; and • can abstract major ideas from a text, even when the text is conceptually dense and contains complex language.
Listening Skills	Level	Your Performance
Listening	High(22-30)	<p>Test takers who receive a score at the HIGH level, as you did, typically understand conversations and lectures in English that present a wide range of listening demands. These demands can include difficult vocabulary (uncommon terms, or colloquial or figurative language), complex grammatical structures, abstract or complex ideas, and/or making sense of unexpected or seemingly contradictory information.</p> <p>When listening to lectures and conversations like these, test takers at the HIGH level typically can</p> <ul style="list-style-type: none"> • understand main ideas and important details, whether they are stated or implied; • distinguish more important ideas from less important ones; • understand how information is being used (for example, to provide evidence for a claim or describe a step in a complex process); • recognize how pieces of information are connected (for example, in a cause-and-effect relationship); • understand many different ways that speakers use language for purposes other than to give information (for example, to emphasize a point, express agreement or disagreement, or convey intentions indirectly); and • synthesize information, even when it is not presented in sequence, and make correct inferences on the basis of that information.
Speaking Skills	Level	Your Performance
Speaking about familiar topics	Good(3.5 - 4.0)	<p>Your responses indicate an ability to communicate your personal experiences and opinions effectively in English. Overall, your speech is clear and fluent. Your use of vocabulary and grammar is effective with only minor errors. Your ideas are generally well developed and expressed coherently.</p>
Speaking about campus situations	Good(3.5 - 4.0)	<p>Your responses indicate an ability to speak effectively in English about reading material and conversations, typically encountered by university students. Overall, your responses are clear and coherent, with only occasional errors of pronunciation, grammar, or vocabulary.</p>
Speaking about academic course content	Fair(2.5 - 3.0)	<p>Your responses demonstrate that you are able to speak in English about academic reading and lecture material, with only minor communication problems. For the most part, your speech is clear and easy to understand. However, some problems with pronunciation and intonation may occasionally cause difficulty for the listener. Your use of grammar and vocabulary is adequate to talk about the topics, but some ideas are not fully developed or are inaccurate.</p>

Prof. Nilesh J. Vasa

March 17, 2019

Organizing Chairman, GATE 2019
(on behalf of NCB - GATE, for MHRD)

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_c - S_q) \frac{(M - M_q)}{(\bar{M}_c - M_q)}$$

Spandanaf

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_c is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_c = 900$, is the score assigned to \bar{M}_c

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Organizing Chairman, GATE 2019
(on behalf of NCB - GATE, for MHRD)

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

HARISH SANGISETTY**Most Recent Test Date: September 25, 2019****Date of Birth:** September 11, 1997Registration Number: 6194163
Print Date: October 18, 2019**Retaking a GRE Test**

You can take the GRE® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Test Report Form

ACADEMIC

NOTE Admission to undergraduate and post graduate courses should be based on the ACADEMIC Reading and Writing Modules.
GENERAL TRAINING Reading and Writing Modules are **not** designed to test the full range of language skills required for academic purposes.
It is recommended that the candidate's language ability as indicated in this Test Report Form be re-assessed **after two years** from the date of the test.

March 17, 2019

Organizing Chairman, GATE 2019
(on behalf of NCB - GATE, for MHRD)

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Codes for XE and XL Paper Sections (compulsory section and any other two sections)

XE: Engineering Sciences

A - Engineering Mathematics (compulsory)

B - Fluid Mechanics

C - Materials Science

D - Solid Mechanics

E - Thermodynamics

F - Polymer Science and Engineering

G - Food Technology

H - Atmospheric and Oceanic Sciences

XL: Life Sciences

P - Chemistry (compulsory)

Q - Biochemistry

R - Botany

S - Microbiology

T - Zoology

U - Food Technology

Graduate Aptitude Test in Engineering (GATE) 2019 was organized by Indian Institute of Technology Madras on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Human Resource Development (MHRD), Government of India.

USC University of Southern California

OFFICE OF ADMISSION

January 23, 2019

Nikitha Krishna Vemulapalli
Plot No 565, Vivekananda Nagar
Kukatpally
Hyderabad, In-Tg, 500072,
India

Dear Nikitha Krishna Vemulapalli,

Congratulations on your admission to graduate study at the University of Southern California. Your academic records indicate that you will make a significant contribution to academic life at the university.

You have been admitted as a graduate student in Computer Science (Data Science) within the Andrew and Erna Viterbi School of Engineering for Fall 2019. Your degree objective is the Master of Science. Please include your USC ID (7604-2740-62) whenever you correspond with the university. This admission is offered subject to your maintaining your present level of academic achievement. If you have not already done so, you must provide proof of satisfactory completion of any studies in progress, and submit final academic records from each institution you have attended. Important information about placement exams and orientation will be sent to you by e-mail. While enrolled at USC, you are expected to maintain a 3.0 GPA or better to remain eligible to complete your degree. Please note that any courses taken outside of those specified in your program in the USC Catalogue require advance approval from your advisor. A range of major requests may be submitted only after completion of your first term. Please carefully review the Continuing Registration Requirement information that lists all the requirements you must meet within your first term(s) of USC enrollment. Please continue in your degree program. You must meet with a staff advisor to resolve the conditions.

We encourage you to review the admitted student portal at grad.welcome.usc.edu, which includes specific information about registration and enrollment. You will also find a link to the portal at you.usc.edu when you click on the Statement of Intent button. Please submit the Statement of Intent: Graduate Studies form whether or not you decide to enroll at USC. Certifying your USC enrollment will allow you to create your university e-mail account, register for Graduate Student Orientation, and access your USC records.

As an international student, you have also demonstrated adequate financial resources to receive an I-20 or DS-2019. This will be issued to you once you have been accepted to USC. You must use this document to obtain a visa for entrance into the United States.

We are delighted to officially welcome you to our community of scholars and look forward to seeing you on campus!

Sincerely,

Timothy V. Brunold
Dean of Admission

DEGREE: Master of Science
SCHOOL: Andrew and Erna Viterbi School of Engineering

CONTINUING REGISTRATION REQUIREMENTS

You have been admitted with the following continuing registration requirements. These requirements must be met prior to or during your first term(s) of enrollment at the university. Failure to do so may result in termination from the program.

-- Verification of all your previous post-secondary degree(s) earned outside the United States is required. You must satisfy this continuing registration requirement by engaging the International Education Research Foundation (www.ierf.usc.edu) to verify your credentials. Please review this service's requirements and fees on their special USC web page and follow their instructions. The evaluation service will send a verification report directly to USC.

SUSHANTH SAMALA

CSE2

16015733115

1505222

NEW YORK UNIVERSITY

Dear Sushanth Samala:

On behalf of Dean Phillip Brian Harper and the Graduate School of Arts and Science, I am very pleased to tell you that you have been admitted to the Master of Science program in Computer Science. You may register for the Fall 2019 semester. We congratulate you on this achievement.

We regret to add that there are no fellowships or scholarships available to you through the Graduate School or your program. In the Other Resources section of the Admitted Student Resource Page (see link below), you will find information detailing other sources of funding. I encourage you to explore the many options available.

We very much hope that you will accept this offer of admission. As you consider your decision, you will find the following information important to know:

Admitted Student Resource Page: gsas.nyu.edu/admissions/AD

Date by which you must notify the Graduate School of your decision: 03 May 2019
University ID (UID): N18613071
NetID: ss12852

To notify us of your decision, please follow the instructions on the Admitted Student Resource Page. To officially accept the offer of admission, we require a \$250 enrollment deposit (U.S.). The enrollment deposit is non-refundable and must be paid by credit card. It will be applied as a credit against your first term's tuition. If you choose not to accept the offer, we also ask that you notify us.

Please be advised that enrollment in the Graduate School requires conferral of the baccalaureate degree or equivalent. Your enrollment is conditional on your having provided official transcript(s) showing conferral of all degree(s) and all graduate-level work (if applicable). Each document must be an original, official document with the registrar's stamp or signature. Scanned, photocopied or uploaded documents submitted as part of your application for admission do not fulfill this requirement. Certified English translations must accompany all documents written in languages other than English. Translations must be literal and complete versions of the original records. Official documents are required, as follows:

One final transcript from each institution at which a degree was conferred (undergraduate or graduate). Recent graduates should confirm that the document shows the degree and graduation date.

One transcript from each institution in which you enrolled in graduate-level courses (if applicable), even if a degree was not conferred.

2

Name: Sanjana 2
160115733143
CSE-3

OFFICE OF ADMISSION

Dear Sanjana,

USCID: 8878-3428-48

We are pleased to inform you that you are academically eligible for admission to the Fall 2019 semester as a graduate student majoring in Computer Science (Intelligent Robotics) leading to a Master of Science.

To receive your official offer of admission, you must first demonstrate proof of the ability to pay tuition and living expenses for yourself and, if applicable, your spouse and/or any children intending to travel with you to USC for the duration of your course-work.

Please submit the following:

- A bank statement showing funds that meet or exceed your program expenses.
- Confidential Statement for Sponsored Studies if you are sponsored by a family member.
- A copy of your passport.
- Passport copies for each of your dependents (spouse and/or children). This is necessary only if your dependents are planning to apply for F-2 or J-2 visas.

These documents must be received and approved before your official letter of admission to USC can be issued. Your I-20 or DS-2019 will be issued only after you review your official admission letter and you have submitted your Statement of Intent to enroll at USC.

Visit the Submitting Financial Documents page of our website for detailed documentation guidelines and estimated expenses for your program.

Submit your documents as PDF or JPEG attachments via our website. From the Select an Area drop-down menu, select your school. From the Category drop-down menu, select Immigration Matters (I-20s, Visas, etc.), and then submit financial documents and passport.

If you are receiving a scholarship from USC: Have your department submit your award documentation to the Office of Graduate Admission, if they have not done so already.

Please make sure to submit your financial documents at least 10 business days prior to any departmental deadline to confirm your intent to enroll. If your program has not indicated a deadline, you should submit your financial documents as soon as possible to expedite the admission and visa application processes.

Submitting your documents does not constitute an agreement to enroll at USC and will only grant you access to your official admission letter and Statement of Intent to enroll. If you do not intend to enroll at USC, please log in to youSC and select "I do not plan to attend USC" on the Decision Status page to formally decline the offer.

We look forward to seeing you on campus!

Sincerely,

USC Office of Graduate Admission
University of Southern California

March 17, 2019

Organizing Chairman, GATE 2019
(on behalf of NCB - GATE, for MHRD)

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Instructions:

- Only those candidates who have taken the Common Admission Test (CAT 2018) are entitled to receive the score card. Keep a print-out of this score card for your information pertaining to CAT 2018. You will not receive the score card by email or by post.
- The Overall Scaled Score is the sum of the scaled scores of the candidate in the three sections.
- Percentile refers to the percentage of candidates who receive score less than or equal to the score obtained by the candidate.
- IIMs and Non-IIM member institutions independently decide how to use CAT 2018 scores in line with their own selection process. The scores are to be used only for selecting the candidates to their respective Post Graduate / Fellow Programme in Management.
- Detection of instances of incorrect information and process violation by a candidate at any stage will lead to disqualification of the candidate. Candidate's score will become null and void and he/she will not be allowed to appear for CAT in future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualification and the associated penalties will take place with retrospective effect.
- All queries regarding post-CAT 2018 selection process must be directed to respective IIMs. CAT Centre will not answer post-CAT related queries.
- CAT 2018 score is valid only until 31st December 2019 and is subject to the candidate meeting the minimum eligibility marks in the qualifying examination. The score card will be available on www.iimcat.ac.in till 31 st December 2019 to download.
- Toll free number 1-800-209-0830 will be available till 20th January, 2019 and webmail support cathelpdesk@iimcat.ac.in will be available till 31st March, 2019 respectively.

Prof. Niles J. Vasa
 Organizing Chairman, GATE 2019
 (on behalf of NCB - GATE, for MHRD)

March 17, 2019

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

- M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard
- M_q is the qualifying marks for general category candidate in the paper
- \bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
- $S_q = 350$, is the score assigned to M_q
- $S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

1	2	3	4	5	6
1.	1120568	VALABOJU CHANDANA	16.01.1998	BC-B	Technical/Circle Office/Nirmal

2. The above appointment now ordered is subject to the following conditions:
- These orders are provisional and liable for termination at any time without notice and without assigning any reasons.
 - The candidate shall be placed on training cum probation for a period of 2 years which includes 1 year training. During the training period, he/she will be paid initial scale of pay of Sub-Engineer with usual allowances as admissible at the place of posting.
 - The candidate should have to serve the company for a minimum period of 5 years after completion of (1) year initial training period. He/ She has to submit an agreement bond to this effect in the enclosed format. If the candidate leaves the Company's service during training period of one year, he/she shall refund the total emoluments received by him/her Plus Rs.30,000/- (Rupees Thirty thousand only) by way of liquidated damages. If the candidate leaves the corporation without serving a minimum period of 5 years after completion of one year training period, he/she shall have to pay to the Company an amount of Rs.60,000/- (Rupees sixty thousand only) by way of liquidated damages.
 - The original certificates submitted by the candidate to the company, will be retained by TSNPDCL until the agreement period is over.
 - If the candidate desires to take back the original certificates, during the bond period, he/she shall deposit an amount of Rs. 60,000 /- (Rupees Sixty thousand only) by way of D.D. drawn in favour of SE/OP/TSNPDCL/Adilabad through his/her controlling officer which shall be refunded on re-depositing the said certificates with the TSNPDCL.
 - These orders are subject to verification of his/her certificates, character and antecedents. If any adverse report is received in the said verification, his/her services are liable for termination without notice.
 - The candidate will be governed by the rules and regulations applicable as framed by the TSNPDCL and as amended from time to time. The tripartite Agreements entered into between the APSEB, Govt., of A.P. and the employees Unions is not applicable to the candidate and he/she shall at no stage be entitled to claim any right whatsoever arising out of the said Tripartite Agreements. He/she shall submit an undertaking in the format enclosed herewith and acceptance of his/her appointment is subject to the submission of the aforesaid undertaking.

(Contd.....2)

- h) He/she shall pass the required tests as prescribed in Annexure-IV under Regulation 15 of APSEB Employees Service Regulations Part-III and Telugu Language Test/Exemption from passing Telugu Language Test.
- i) The education qualifications acquired by the candidate shall be approved by UGC, AICTE and DEC wherever necessary.

3. The candidate should produce the following documents to the Superintending Engineer/Operation/Adilabad within 30 days from the date of receipt of this order, failing which it will be construed that the candidate is not interested to work in TSNPDCL and accordingly his/her appointment shall be cancelled without any notice.

- i. Physical fitness certificate issued by a Medical Officer of the rank not less than that of a Civil Surgeon in the proforma enclosed.
- ii. The Attestation form enclosed proforma in quadruplicate (4 sets) duly filled in by the candidate. (The attestation forms filled improperly will be returned). If it is found that the candidate has furnished wrong/fake information in the attestation forms, severe disciplinary action will be initiated against him/her as per rules in vogue.
- iii. To execute a bond on a Non-judicial stamp paper worth Rs. 110/- (Rupees One hundred and Ten only) to the effect as indicated in para 2(c) above.
- iv. The candidate has to submit the details of all the properties, immovable irrespective of its value and movable property or properties whose value exceeds Rs. 1,00,000/- owned, acquired or inherited by him/her or held by him/her on lease or mortgage either in his/her own name or in the name of any member of his/her family, in the proforma prescribed in Annexure-I, II & III separately, as he/she acquired (or) held prior to joining in this department.

4. The candidate will be governed only by provisions of EPF & MP Act., 1952 and the employees Provident Fund Scheme in terms of T.O.O. CGM(HRD&Trg.) Ms. No. 227, Dated: 07-01-2004 and NO.O.CGM(HRD) Ms. No. 197, Dt: 24-09-2003.

5. The above candidate is further informed that his/her appointment is subject to the result of W.P. Nos.13749, 37152, 25648, 41102, 21409, 19831, 22188, 42621, 35646, 40384, 35918, 46305, 46117, 46293, 46878, 46307, 46672 & 46029 of 2018 and any other court cases pending before the Hon'ble High Court at Hyderabad.

6. The above candidate, if he/she agrees for the above conditions, is directed to report for duty at the place of posting within (30) days from the date of this order duly obtaining clearance from the undersigned by submitting the documents as mentioned above, failing which it will be construed that the candidate is not interested to work in TSNPDCL and subsequently his/her appointment will be cancelled without any notice.

Registration Number: 4997464

Print Date: October 14, 2019

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

• **Not Reported** - Institution does not accept GRE scores.

About Your GRE® Score Report**Score Reporting Policies**

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Print Date: November 15, 2018

Retaking a GRE Test

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Test Report Form

ACADEMIC

NOTE Attention to content and task completion is essential for success in the Academic Reading and Writing Modules. The Academic Reading and Writing Modules are not designed to test the full range of language skills required for an academic programme. It is recommended that the candidate's language ability is evaluated by the Test Report Form in a separate session after two years from the date of the test.

GATE 2019 Scorecard

Graduate Aptitude Test in Engineering

Candidate's Details

Name: KATA KRISHNA PRASAD

Registration Number: BT19S41404250

Examination Paper: Biotechnology (BT)

(Handwritten Signature)
(Candidate's Signature)

Performance

Marks out of 100*	46.67	Valid from March 17, 2019 to March 16, 2022						
Qualifying Marks**	<table border="1"> <tr> <td>35.9</td> <td>32.3</td> <td>23.9</td> </tr> <tr> <td>General</td> <td>OBC (NCL)</td> <td>SC/ST/PwD</td> </tr> </table>	35.9	32.3	23.9	General	OBC (NCL)	SC/ST/PwD	All India Rank in this paper: 369
35.9	32.3	23.9						
General	OBC (NCL)	SC/ST/PwD						
GATE Score	516	Number of Candidates Appeared in this paper: 9348						

* Normalized marks for multi-session papers
 ** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard

N. J. Vasa
 Prof. Nilesh J. Vasa March 17, 2019
 Organizing Chairman, GATE 2019
 (on behalf of NCB - GATE, for MHRD)

Digital Fingerprint: 2bf394509ab129f794e6ae59be54b83b

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

- M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard
- M_q is the qualifying marks for general category candidate in the paper
- \bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
- $S_q = 350$, is the score assigned to M_q
- $S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Codes for XE and XL Paper Sections (compulsory section and any other two sections)

XE: Engineering Sciences

- A - Engineering Mathematics (compulsory)
- B - Fluid Mechanics
- C - Materials Science
- D - Solid Mechanics
- E - Thermodynamics
- F - Polymer Science and Engineering
- G - Food Technology
- H - Atmospheric and Oceanic Sciences

XL: Life Sciences

- P - Chemistry (compulsory)
- Q - Biochemistry
- R - Botany
- S - Microbiology
- T - Zoology
- U - Food Technology

Graduate Aptitude Test in Engineering (GATE) 2019 was organized by Indian Institute of Technology Madras on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Human Resource Development (MHRD), Government of India.
