Name of the Knowledge Partners	Mr Madhava Tirukovela (2018 batch of Bio-Technology)
Designation	Regulatory Affairs Graduate student at Northeastern University, President and Co-founder of the Regulatory Affairs student organization at Northeastern University, Toronto
Topic of presentation	Biotechnology and the rise of the 4th industrial revolution

Overview of Session

Mr Abhishek from final year Biotechnology introduced Mr Madhava Tirukovela, Regulatory Affairs Graduate student at Northeastern University, President and Co-founder of the Regulatory Affairs student organization at Northeastern University, Toronto.

The lecture session was started with introduction to “Biotechnology and the rise of 4th Industrial Revolution”. The classification of various industrial revolutions and the significance of 4th Industrial revolution viz., cyber physical systems, internet of things, and networks, etc. was stated. The information about the fourth industrial revolution is given and insights about how the basic subjects that we study in our undergraduate will help in the fourth industrial revolution. The 4th Industrial revolution gave insights about the fusion of various technologies viz., gene sequencing, nanotechnology, renewables, quantum computing etc., and their interaction across the physical, digital and biological domains. The role of bio remediation, bio security, bio innovation in accelerating bio manufacturing revolution. The information about GINKGO bio works is shared and also about their genetically modified microorganisms. Also talked about current opportunities in India in biotechnology. Talked about BIRAC and other related institutions.

Mr Madhav also shared the information about the NURA-Toronto Student Organization, its vision, mission and challenges faced. Building a proactive regulatory affairs community, organize brainstorming sessions and bringing innovation in regulatory science were accomplished by the association they formed and they are working towards achieving their goals. The information about regulatory affairs and challenges in it is shared.

There was Q/A session for both students and faculties after the talk. Discussion about regulatory affairs, its scope and significance, variation in different countries etc. were done along with a brief idea about the North Eastern University and career related issues were explained

Vote of thanks by Mr Abhishek from 3rd year Biotechnology

Target Participants: All the students of B.Tech Biotechnology (100 participants) and Faculties of Biotechnology department have attended the session.

Outcome of the Session

- A thorough knowledge about the Regulatory issues was learned

A BRIEF REPORT

On

Key-note address - NEOZION'2022

Date: 23.03.2022, Time: 11.30-12.45 PM,

Venue: Biotechnology Seminar Hall

Name of the Knowledge Partners	Dr. PRASAD ERNALA
Designation	Sr. Scientist / Technology specialist, Fermentation Technology Development Center, Dr. Reddys Laboratories-Hyderabad
Topic of presentation	Ignition of Young Minds with Innovative Ideas in Fermentation Technology Research
Overview of Session Dr. Prasad had delivered his talk explaining the following topic with respect to latest technology and innovation in the field of biotechnology. <ul style="list-style-type: none">• <i>What is fermentation- Redefine</i>• <i>Ideas and advancements in Fermentation technology</i>• <i>Evolution and need for nano-biotechnology</i>• <i>Bioscience v/s Bio-Business</i> Dr. Prasad had started his interactive talk in the topic of fermentation definition, fermentative products, and Strategies for Production of Active Pharmaceutical ingredients (APIs). He had thrown light in the topic of bioengineering and its applications (pathways optimization, strain optimization, and process optimization). Various cutting edge technologies helping fermentation industry was also elaborated briefly. Followed by this, he discussed about application of microbiology in nano-biotechnology. Finally, various aspects of cancer, nano-medicines, concept of targeted drug delivery was discussed.	
Target Participants: All the students of B. Tech Biotechnology and Faculties of Biotechnology department were attended the session.	
Outcome of the Session <ul style="list-style-type: none">• <i>Students could understand the real definition of fermentation and latest innovation in the field</i>• <i>Students had exposed the real-time Ideas and advancements in Fermentation technology</i>	

- *Students could realize the future aspects of nano-biotechnology and its applications in various interdisciplinary fields*
- *Students understood the roles of Bioscience in Bio-Business*

ADVANTAGE INDIA

Cost Efficiency

- Low cost of production and R&D boosts efficiency of Indian pharma companies, leading to competitive exports.
- Indian drugs and pharma exports reached US\$ 5.78 billion between April 2021 and June 2021.

Economic Drivers

- High economic growth along with increasing penetration of health insurance to push expenditure on healthcare and medicine in India.

Policy Support

- In June 2021, Finance Minister Ms. Nirmala Sitharaman announced an additional outlay of Rs. 197,000 crore (US\$ 26,578.3 million) that will be utilised over five years for the pharmaceutical PLI scheme in 13 key sectors such as active pharmaceutical ingredients, drug intermediaries and key starting materials.

Increasing Investments

- The foreign direct investment (FDI) inflows in the Indian drugs and pharmaceuticals sector reached US\$130 million between April 2021 and June 2021.

Summery

- Updated curriculam for biosciences.
 - Syllubus having topics related to commertialisation of scientific ideas.
 - New cources in fusion with business and administration.
- For students
 - 1st year: generate an idea
 - 2nd year to 3rd year work of feasibility.
 - 4th year prepare a prototype

DEPARTMENT OF BIOTECHNOLOGY

To,

12.03.2022

Principal/ Director,

Respected Sir/Madam,

Sub: Invitation to National Level Technical Symposium: Neozion 2022-Reg.

Greetings from the Department of Biotechnology, CBIT.Hyderabad, Telangana.

It gives us immense pleasure to inform you that the Department of Biotechnology, Chaitanya Bharathi Institute of Technology, Gandipet, Hyderabad is organizing a **Two-day National Level Technical Symposium, NEOZION2022 on 23rd and 24th March 2022**. The Department of Biotechnology has been organizing this annual technical fest since 2008 annually. The theme of this year technical fest is **"Ignite, Innate and Innovate"**. Eminent personalities have been a part of these events.

The main aim of this Annual Technical National Symposium is to provide a platform to participants to learn about the latest advances in Biotechnology besides interacting with eminent scientists.

The Symposium covers the following events:

Expert lecture	Paper Presentation
Idea/Poster Presentation	Live Projects
Bio Quiz	Bio-hackathon
Debate	

Neozion 2022 will be organized in physical mode only.

Papers, Posters, and live projects are invited on topics, but not limited to:

Plant and Animal Biotechnology, Stem cell technology, Environmental Biotechnology, Nano-biotechnology, Bioinformatics, Biomedical Engineering, Pharmaceutical sciences, Bio-process Technology, Algal biotechnology and Chemical engineering.

The best presentation as adjudged by the jury will receive attractive prizes.

Eligible Participants:

Research scholars, M. Tech/M. Sc/B. Sc/B. Tech (Biotechnology/Chemical /Life Sciences), B. Pharm/ M. Pharm.

I hereby enclose the brochure along with a copy of the poster, with a kind request to display the same in your departmental notice board for the information to students.

Thanking you in anticipation,

ABOUT THE INSTITUTION

Chaitanya Bharathi Institute of Technology is one of the premier Engineering Colleges in the self-financing category in Telangana. It has been accredited five times in 1998, 2004, 2008, 2013 and 2017 by NBA(AICTE) and accredited second time by NAAC(UGC) 'A' Grade in 2017. It is also the first ISO 9001-2015 certified Engineering Institute of AP & Telangana. The total constructed area is 57,714 Sq.mts (6,21,286 Sq.ft). spread over 50.8 acres. The grants received from AICTE, UGC, DST, NSTL, DRDO and other Industries are worth about Rs. 16.0 crores. The college offers 9 UG and 11 PG programmes' students also excel in cocurricular activities. The college provides good sports facilities, and our students are champions in the Inter college tournaments held by Osmania University.

Department of Biotechnology
Presents

“Two Day National Level Technical Symposium”

On 23rd - 24th March, 2022

ABOUT THE DEPARTMENT

The department was established in the year 2005 with an intake of 60 in UG (B.Tech), Biotechnology program the department has good infrastructural facilities and has 8 full-fledged laboratories and R&D equipped with modern equipment. The department also has well qualified faculty and technical staff. The department encourages students to pursue internships in reputed organizations. More than 80% of the students have been successfully engaged in higher studies and jobs. The department has full pledged assistance and technological feedback for strengthening the areas of R & D from Osmania University, Hyderabad, HCU, ICRISAT, DRR, APAU, NIAB etc. The department has MoU's with national and international academics organization, research, institutes viz Curtin University, CSIR-IICT, Hyderabad, Green bubble algal works Pvt. Ltd. and SVAK life sciences.

Poster Presentation Specifications

NEOZION-2022

General specifications

- The poster will be displayed on standard Portrait Format
- Poster should be 90 cm (Length) X 60 cm (Width) (Conference or Event poster) in size.

Design specifications

- The poster needs to be created as per suggestion under
 1. The poster title should be displayed prominently at the top of the poster.
 2. The text should include (most likely as separate elements of the poster) Introduction, Aim, Methods, Results, Conclusion and Acknowledgements
- The poster should be self-explanatory, Text should be brief and well organized
- The typeface chosen should be a simple and clear one (Times Roman)
- Color suggestions:
 1. When using light backgrounds (white, yellow, light blue) we suggest using dark fonts (black, navy blue, dark green)
 2. When using dark backgrounds (blue, purple) we suggest using light fonts (white, yellow, cyan)
 3. Avoid using red or green in any fonts or backgrounds as they are colors that are difficult to read
- Illustrations/images/photographs used in the poster should be enlarged enough to show relevant details

Date: 01.04.2022

The following are the Minutes of the Meeting held online on 01.04.2022 Friday, Zoom Meet link: <https://zoom.us/j/5666056475?pwd=Nk5CZHlDWmhuMkdOeWV2TnRPTWhyUT09> from 10:30 AM to discuss the agenda:

- i. Discussion about the training provided by the training institutes for our student's placement
- ii. Any other item with the permission of the chair.

Members Present:

S. No.	Name
1.	Prof. NLN Reddy, Director, CDC
2.	Dr. Rajasri Yadavalli Pendem, HOD Biotech
3.	Dr Solomon Raj, Mechanical Dept
4.	Dr. Balasubbareddy M, EEE
5.	Ms S Sumitra, Biotech
6.	Dr Sanjeeb Kumar Mandal, Biotech
7.	Dr. Nidhi Khurana, Metis Hive
8.	Ms. Kalyani Korla, Metis Hive
9.	Dr. A. RAJYALAKSHMI, Bioworld Research Technologies
Leave of Absentia	
10.	Dr. D. Benet Bosco Dhas, 30M Genomics Private Limited,

HOD, Biotech welcomed all the members to the meeting, and the following agenda points were discussed:

- Initially, Dr. Nidhi Khurana and Ms. Kalyani Korla of Metis Hive (Training Institute) gave presentations regarding soft skills training, especially for the biotechnology field. They explained that as a part of soft skills training the following topics will be covered: Resume and CV writing; SOP Writing and Cover Letter; Communication skills; Personal Branding and Networking; and Interview Preparation.
- Later on, Dr. A. RAJYALAKSHMI, Bioworld Research Technologies discussed the summer internship program on biomaterials and cell culture techniques. Initially, the amount was quoted as Rs. 15000 per student but after discussion with HOD, Biotech, and CDC Director, the amount was reduced to Rs. 13000 per student.
- Price quotation from 30M Genomics Private Limited was also received for conducting the following in-house training sessions: (i) Workshop on Bioinformatics, (ii) Workshop on Molecular Diagnostics, and (iii) Workshop on PCR.
- Invoice from Metis Hive, 30M Genomics Private Limited, and Bioworld Research Technologies are attached herewith.

CIRCULAR

We would like to inform you that **30M Genomics Pvt. Ltd.** will be conducting a two-day Hands-On Workshop on “**Advanced Genomics for Molecular Diagnostic Applications**” for III/IV B.Tech. Biotech students on **11.05.2022 and 12.05.2022** at the Department of Biotechnology, CBIT. In this regard, 36 students have registered to attend this training program as it will help them to get placed in core companies thereby strengthening the placements of the Biotechnology Department, CBIT.

It is mandatory for all these 36 students to attend this training program without fail. Their classes in this period can be conducted online during weekends. Classwork for the remaining students will be conducted as per the timetable. Kindly make a note of the same.

30M Genomics Private Limited

Registered Office: Near Church, Pavulavarigudem, West Godavari, Andhra Pradesh – 534426.

Laboratory: Room No.03, Aspire BioNEST, University of Hyderabad, Telangana – 500046.

Two days Hands-on Workshop On

“Advanced Genomics for molecular diagnostic applications”

PREVIEW OF THE WORKSHOP:

Molecular diagnostics is a highly developing area in Biotechnology, which is potentially implemented in Healthcare, Agriculture and Veterinary Sciences. However, molecular diagnostics requires high technical and theoretical knowledge with hands-on expertise. Understanding the concept and applications of molecular diagnostics will help the students to pursue their research career or make them qualified for working in diagnostic industry. With this vision, we are offering hands-on training programme at an affordable fee for the students to make them future leaders.

WHY YOU CAN TRUST US?

With the vision of providing molecular diagnostics to everyone in need, we are providing exclusively hands-on, on-site workshops. Our workshop has the following advantages:

- Complete hands-on experience
- Less training fee
- On-site event with field experience
- Research/Industry jobs oriented approach
- Student feedback based training
- Compliments to well performing students

WHAT EXPERTISE WE HAVE?

30M Genomics Private Limited is a Startup India (DPIIT – DIPP42596) recognized company incorporated with Ministry of Corporate Affairs, Government of India (U85300AP2019PTC112451). We are young research entrepreneurs working with a vision of providing personalized diagnostics to all people-in-need, irrespective of their socioeconomic status and geographical location. We, the founders of the company has expertise in the field of molecular diagnostics from reputed institutions like JIPMER, Puducherry, CSIR-CCMB, Hyderabad, C-CAMP, Bangalore. We have organized several workshops and

conferences in institutions like JIPMER - Puducherry, CIDRF - Puducherry, Government Degree College - Srikakulam, Andhra Pradesh, before starting our own startup venture.

PROGRAMME MODULES:

Day - 1

Time	Module	Expected Outcome
9.00 – 10.00	Introduction to Molecular Diagnostics	A lecture on recent advancements in molecular diagnostics and its importance. The related job opportunities in healthcare and agriculture will be discussed.
10.00 – 10.20	Q & A Session - Tea Break	
10.20 – 11.20	Buffer Preparation for DNA isolation	Students will practically learn the concepts such as normality, molarity, etc., involved in preparation of chemicals & buffers. The buffers for the workshop will be prepared by the students themselves. This would be helpful to students interested in research and industrial jobs.
11.20 – 12.30	Peripheral venous blood sample collection	The art of collecting blood sample from peripheral veins will be taught. This is an important skill for students interested in human & animal biotechnology. The students can collect their own blood for DNA isolation (if interested)
12.30 – 1.30	LUNCH BREAK	
1.30 – 4.00	Genomic DNA isolation from human blood	DNA isolation from human blood will be carried out by non-enzymatic method. In addition, DNA isolation from other sources like plants and microbes will be discussed.

Day - 2

Time	Module	Expected Outcome
09.00 – 09.30	Q & A Session on Day – 1 training	
09.30 – 10.30	Primer Designing and Basic Bioinformatics	An introduction to the bioinformatic designing of primers which would be used in PCR amplification. The students will be learning the parameters and the concepts involved in designing primers with high accuracy.

10.30 – 10.40	Q & A Session – TEA BREAK	
10.40 – 12.30	Polymerase Chain Reaction	The concept of nucleic acid amplification will be elaborated practically. This skill will be helpful for the students in their research, as PCR is a potential technology that revolutionizes molecular diagnostics.
12.30 – 1.30	LUNCH BREAK	
1.30 – 03.30	Agarose Gel Electrophoresis	The visualization of the amplified PCR product will be carried out using agarose gel electrophoresis.
03.30 – 04.30	Q & A Session - Competition - Valedictory	

TRAINING FEE & INCLUSIONS:

The training fee for the whole two day sessions is **Rs. 1,500/-** per student. The minimum number of participants should be 30. In order to provide significant hands-on experience, the maximum number of participants is limited to 50. The training fee includes all consumables required for the workshop, training certificate, laboratory manual and reading materials. (Refreshments & lunch is not included)

STUDENT COMPETITION:

Few critical thinking questions will be asked during the Q&A sessions in the course of workshop. The highly performing student will be complimented with free career guidance and free internship at 30M Genomics Private Limited.

REQUIREMENTS FROM THE HOST INSTITUTE:

The host institute is expected to provide the following requirements for smooth and effective training:

- Uninterrupted power supply
- LCD projector with screen (only for one hour)
- Laboratory space for 20-30 students
- Weighing balance
- pH meter
- Centrifuge
- Hot plate
- Gel Electrophoresis Unit
- UV transilluminator

Kindly note that the unavailability of any of the above requirement should be informed prior, so that it can be arranged from our side, with additional cost.

The Principal,

CBIT,

Hyderabad.

Respected Sir,

Sub: Request to grant permission to conduct Webinar on "**2D Nanomaterial's for Advanced Electronic Applications**"-regd.

I am Dr.D.Saritha, Assistant Professor in Chemistry Department. As the Faculty and students will understand the Nano materials in the aforementioned domain which inculcates latest trends in technological development. So, I am planning to conduct a Webinar on "**2D Nanomaterial's for Advanced Electronic Applications**" on 10-04-2021 i.e., on Saturday. The session will be delivered by Dr. Kishore Kumar Sadasivuni, Center for Advanced Materials, Managing Editor, Emergent Materials, Springer, Qatar University, Qatar.

In this regard, I request you to grant permission for the smooth conduct of the Webinar.

Kindly find the attachment of the schedule as below:

Sno	Time	Topic to be Discussed
1	10.00 AM - 11:30 AM	2D Nanomaterial's Introduction , Polymer Nano composites and their Advanced Electronic Applications

Thanking You,

Dear Professor,

On behalf of the Department of Chemistry and Smart center of Life sciences, Chaitanya Bharathi Institute of Technology, Hyderabad it is an honor and great privilege to invite you to deliver a lecture at our Institute as part of the Webinar. We are pleased to invite you to deliver a Lecture scheduled on April 10, 2021 at CBIT from 10:00 a.m. to 11:30 a.m. (Online mode) tentatively. We believe that your contribution in the field of Advanced Materials is unparalleled and your Lecture will be of great benefit to students as well as Faculty.

We look forward to a positive confirmation, an honor for us indeed.

Best wishes
Sincerely yours,

Abstract

Our Smart Nano-Solution Research team is mainly focused on the development of cost effective, high performance multi-functional materials from a broad range of polymer Nano composites for different applications. Our research team has developed non-enzymatic sensor to detect diabetes by monitoring acetone level in human breath. We are also concerned about the global warming and to overcome this issue, we capture CO₂ and convert it into fuels via electrochemical method. Our team is continuously working on the recycling of both plastic and industrial waste and developed Resistive transducers. Thus, Nano composites of both plastic and carbon black has been fabricated by our team to develop an efficient sensor which can be used for several applications. The piezoresistive sensor composed of industrial waste Nano composites was printed with the help of 3D printing technology. Taking the advantage of polymer based composites water absorbent property, we have employed hydrogels in agriculture to monitor the water needs of the plants and to allow safe release of the fertilizers. Hydrogel device can be used as a water reservoir in addition to sensors. The quantity of water in the soil can be maintained and regulated using hydrogel based sensor. Furthermore, our team will present a review on the methods used for the fabrication of current advanced sensors.

About the speaker

Dr. Kishor Kumar Sadasivuni has established an international reputation in the fields of polymer Nano composites, composite materials, design of biomedical devices especially for diabetics and heart failure. Since 2009, Dr. Kishor has been helping to build communities in the interdisciplinary area of Nano composites and its industrial technologies. Recently, Dr. Kishor has started a group called Smart Nano Solutions at Center for Advanced Materials, Qatar University. He has published over 250 papers in the international peer-reviewed journals such as Small, ACS Applied nanomaterials, Sensors and Actuators B, Journal of Physical Chemistry B, Progress in Polymer Science, etc. His research work has been cited more than 4500 times as listed by Google scholar with h-index 37. He has edited 8 books and two of them were included in Springer's Top 25 e-book download of the year. He has registered 7 invention patents and 4 of them have been filed. He has given several invited talks at international conferences. He is serving as a Managing Editor for the Emergent Materials Journal (Springer) and Editorial Board member for the Bulletin of Chemical and Pharma Research. He serves as a guest editor for Sensors & Transducers journal and as a lead guest editor for International Journal of Materials Science and Applications. Dr. Kishor achievements have been recognized by awards such as Tyre & Rubber Industry Leadership Acknowledgement Awards (TRILA): Young Research Scholar of the Year 2017. Dr. Kishor has been involved in 3 National Priorities Research Program (NPRP) Grants and 6 Qatar University Internal Grants (LPI, PI) of total amount of 2.5M\$. Dr. Kishor was included in the world's top 2% Scientists list of 2019 published by Stanford University in 2020.

Faculty Coordinator-Dr.D. Saritha

About CBIT

CBIT, committed to Education and Innovation for 4 Decades and inspired by the range of Government Policies and Programs to fuel the Innovation drive, through focused efforts in Research, emerged as a Home for ambitious Innovators, Visionary Thinkers and extraordinary Pioneers and has been contributing its mite towards New India's Innovation Ecosystem. Five of the Engineering Departments at the Institute are recognized as Research Centers by the Osmania University. In-order to elevate the state-of-the-art of technology, a well-equipped Research and Development Centre has been established.

CBIT has established a research fund to nurture and harness the talent of the students and faculty from various disciplines. The organization provides necessary facilities for promoting basic research and to catalyze the cross-fertilization of ideas with R&D agencies in other sectors for expanding and enriching the knowledge base in their respective areas. The institute provides grants-in-aid for collaborate work or individual work related to futuristic front-line research which finds application in world class systems leading to innovations.

About the Department

The chemistry department serves the purpose of imparting knowledge in the core science subject, which is a foundational building block for most engineering disciplines. As such, high tech labs with the latest technological gizmos greet any students and faculty members of the college looking to strengthen their base in this subject. A team of extremely capable teachers and staff members keep the department running in full throttle. The objectives of the department are as follows: To provide the best facility, infrastructure, and

environment to students, and faculty members. To develop Organizational skills, core competence and ethics in first-year engineering students, to grow as true professionals for achieving success in life. To play the role of mentors to undergraduates through advising them in research. To teach students the value of cross-disciplinary thinking by providing them with educational and research opportunities between chemistry and other fields of study. To promote innovative curriculum development while exposing students to advanced instrumentation and technology. To apply various instrumental methods to analyze the chemical compounds and to improve understanding of theoretical concepts.

About Webinar:

Webinar on “2D Nanomaterials for Advanced Electronic Applications” on 10-04-2021 i.e., on Saturday. The session will be delivered by Kishor Kumar Sadasivuni, Ph. D, Center for Advanced Materials, Building H10, Zone 6, Office E133, Qatar University, Qatar. Managing Editor, Emergent Materials, Springer.

Objectives:

- ❖ This lecture aims to introduce participants to the important aspects of research in Nanomaterials
- ❖ The key goal of this webinar is to understand the current advances, trends and challenges in the field of Nanotechnology. Nanotechnology is the fastest growing field in case of all areas of sciences.
- ❖ The Aim of this session is to offer a platform to gather, provide clear cut ideas regarding various nanomaterials and their use in biomedical, automotive, electronics and various other fields to researchers who are working and planning to work in this field.
- ❖ The session mainly discusses about various electronic applications of 2D Nanomaterials

Outcomes: At the end of this session,

- ❖ Participants are likely to be able to take up research activities in an interdisciplinary filed.
- ❖ The session provided a better insight into the recent trends in the field of Nanomaterials and their applications in various fields.
- ❖ The session is very much enlightening. The discussed area is of great benefit for the participants as the topics match with the current working domain.
- ❖ Participants were open-minded with the most extensively used advance technologies in this field. This will benefit in research activities

About CBIT(A): Chaitanya Bharathi Institute of Technology (Autonomous) has an ecosystem which caters to Research, Consultancy, Start-Ups, Incubations, Strategic Collaborative Association with Industries and Foreign Universities. The Institute is pioneering the development of an Artificial Heart in Collaboration with SHARE India / Pittsburgh University and Cornell University, USA. CBIT(A) has been standing as a temple of learning for the past 42 years. UGC has granted Autonomous status from the Academic Year 2013-14 onwards. The Faculty and Students have successfully executed Sponsored Research and Consultancy Projects, from various funding Agencies such as DRDO, ISRO, DST, AICTE and UGC. MHRD - Institute Innovation Cell (IIC), MSME - Business Incubation (BI), Hexagon 3D Innovation Lab, Cognizant Innovation Lab and Robotic Process Automation Lab have been established in the Research and Entrepreneurship Department, for the Students and Faculty to pursue their Research Interests.

About MCA Department: Master of Computer Applications Programme was started in the department of CSE in the year 1991 with an intake of 30 and subsequently increased to 60 in the year 2000. The MCA department has been formed full-fledged since September 2008. The Department has well qualified and experienced faculty with One Professor, One Associate Professor and Nine Assistant Professors. The department has good infrastructure facilities with full fledged laboratories. The staff members are deputed to participate in International conferences, Symposia, Workshops and Refresher courses to keep in pace with recent developments in the field of Information Technology.

About Workshop: In this Two-Day National online workshop on “Python Programming”, the topics to be covered are introduction to Python, various data types, conditional statements, functions, Python Libraries, Data handling and Visualization techniques. The takeaways from this workshop will add immense value to the knowledge base for each of the participants.

This workshop will be based upon hands-on approach. **All Faculty, Research Scholars, Students and Industry Persons can participate.**

Objectives of the Workshop:

- ◆ To gain hands-on exposure on Python
- ◆ To create awareness on Python fundamentals.
- ◆ To provide instructor-led hands-on live manipulation of Data.
- ◆ To provide hands-on experience over Data Analytics using Python.
- ◆ To acquaint the participants with Data Visualization skills.

Expected Outcomes: Upon successful completion

- The participants are expected to get a fair amount of fundamental knowledge on Python Programming.
- The participants will be able to understand data handling, analysis and implementation using Python built-in Libraries.

Guidelines for Participants:

Web Links are updated on WhatsApp Group.

E-Certificate will be issued to all the Participants, after successful completion of the Online Workshop.

Participants need to mark their attendance in the google form that will be circulated during the Session.

**SUMMARY REPORT ON TWO-DAY NATIONAL ONLINE WORKSHOP ON PYTHON PROGRAMMING
DEPARTMENT OF MCA, CBIT(A) - HYDERABAD HELD ON 16th and 17th July 2021**

Workshop started on 16th July 2021 at 10:00 AM with Inaugural by Inviting various delegates. The Inaugural program continued with lightening of virtual lamp, prayer song followed by addressing of Resource person, HOD of MCA and Principal Sir. We have received a huge response from different states like Gujarat, Jammu & Kashmir, UP, Maharashtra, AP and other. Not only from India, responses also received from countries like Sweden and US. Coming to the registrations , we received totally 968 registrations.

We are feeling very happy for one more thing that Dr. J. Shantan Krishnan, Guru of our Resource person also participated in this Workshop. We used Webex for conducting this online workshop. We took feedback for each and every session.

The In Session-I Resource person Dr. B. Nagaraju started his delivery of content with fundamental things of python and covered the concepts – variables, primitive data types, lists, Tuples, dictionaries and sets. This session was ended with functions concept.

The Session-II of day-1 was started with creation a sample data set. Sir also explained how to create our own datasets in an easy and fabulous way.

Coming to the Session-I on day-2, sir had given an elaborated way of explanation on Data handling techniques using pandas, dataframes along with Descriptive statistics. In the final Session of lecture on day-2, sir had given the way to preprocess the datasets with different scaling techniques and encoders.

In the same session sir also explained the plotting of data using different visualization methods in Python. Thank you once again sir for giving your valuable time and extraordinary content delivery on python using Hands-on approach.

About CBIT(A): Chaitanya Bharathi Institute of Technology (Autonomous) has an ecosystem which caters to Research, Consultancy, Start-Ups, Incubations, Strategic Collaborative Association with Industries and Foreign Universities. The Institute is pioneering the development of an Artificial Heart in Collaboration with SHARE India / Pittsburgh University and Cornell University, USA. CBIT(A) has been standing as a temple of learning for the past 43 years. UGC has granted Autonomous status from the Academic Year 2013-14 onwards. The Faculty and Students have successfully executed Sponsored Research and Consultancy Projects, from various funding Agencies such as DRDO, ISRO, DST, AICTE and UGC. MHRD - Institute Innovation Cell (IIC), MSME - Business Incubation (BI), Hexagon 3D Innovation Lab, Cognizant Innovation Lab and Robotic Process Automation Lab have been established in the Research and Entrepreneurship Department, for the Students and Faculty to pursue their Research Interests.

About MCA Department: Master of Computer Applications Programme was started in the department of CSE in the year 1991 with an intake of 30 and subsequently increased to 60 in the year 2000. The MCA department has been formed full-fledged since September 2008. The Department has well qualified and experienced faculty with One Professor and Nine Assistant Professors. The department has good infrastructure facilities with full fledged laboratories. The staff members are deputed to participate in International Conferences, Symposia, Workshops and Refresher courses to keep in pace with recent developments in the field of Information Technology.

About Workshop:

The salient features of the workshop are as follows:

1. Foot printing And Reconnaissance.
2. Advanced Penetration Testing.
3. Web application penetration testing.
4. Developing Ethical Hacking tools with python.

Objectives of the Workshop:

The participants shall be able to understand , deal and achieve the following objectives:

- ◆ Introduction to Ethical Hacking.
- ◆ Scanning.
- ◆ System Hacking.
- ◆ Sniffing.
- ◆ Hacking Web servers .
- ◆ Hacking wireless Networks.

Expected Outcomes:

Upon successful completion:-

- The participants are expected to get a fair amount of fundamental knowledge on Cyber Security
- The participants will be able to understand data handling, analysis and implementation of Information Security and hacking fundamentals.

Guidelines for Participants:

E-Certificate will be issued to all the Participants, after successful completion of the Online Workshop.

Participants need to mark their attendance in the google form that will be circulated during the Session.

All Students, Research Scholars, Faculty and Industry Persons can participate.

NO REGISTRATION FEE
