TO WHOM IT MAY CONCERN

This is to certify that **Mr. Ahmed Noorul Aman Suhrawardy**, Roll no: **160120802019**, pursuing his "Bachelor of Technology" in Chemical Engineering, Chaitanya Bharathi Institute of technology, Gandipet, Hyderabad has carried out his graduate project work, successfully completed his Research Project entitled "**PROCESS DEVELOPMENT OF 5-CY-ANOINDOLE**" in **Greenovel Life Sciences.Pvt.Ltd.** Hyderabad during the period from **20th Dec 2023 to 25th Mar 2024**.

As part of the Project, he has worked on the development of each step as commercially scalable and characterized the samples. During his project period, he demonstrated his skills with confidence to learn new applications in developments and cost implementation and he was able to complete his work on time.

Based on his performance, I have full confidence in his potential for future academic or professional pursuits. We wish him every success in his future endeavors.

TO WHOM IT MAY CONCERN

This is to certify that Suryadevara Kalyan Sai (Reg. No.: 160120802032), pursuing B. Tech in Chemical Engineering, at Chaitanya Bharathi Institute of Technology, Gandipet, Hyderabad, successfully completed his Project Internship titled "Turning Trash Into Treasure: Plant and Waste-Derived Nanomaterials for Agricultural Advancement" in Indian Institute of Technology Hyderabad (IITH) under the supervision of Dr. Ambika. S as External Guide, during 04.08.2023 – 31.03.2024.

As part of the Project, he has worked on the Green synthesis of Copper Nanoparticles from Banana peel waste and a silk membrane supported by a thin film formed by modification of secondary solid waste from the process. During his project period, he demonstrated his skills with confidence to learn new applications in Nano Technology and Membrane technology and he was able to complete his work on time.

Based on his performance, I have full confidence in his potential for future academic or professional pursuits. We wish him every success in his future endeavors.

Dear Sir,

In continuation with the discussion held on 27 Oct 2023 we have shortlisted the below candidates for internship for the duration of 6months at a stipend of Rs 15000.

Candidate No.-1 : Pranay [Male]

Candidate No.-2 : Sathwika [Female]

Hence please allot the students to Cohance Infesciences limited from 01 Nov 2023 and we will be providing the leaves when they have the exams.

Thanks & Regards

Madhavi Paspuleti

TO WHOM IT MAY CONDERN

This is to certify that Mr Shaik Jhubair Ali (Roll No.: 160120802031) and Mr Pranay Kumar T (Roll No.: 160120802301), Chemical Engineering students from Chaitanya Bharathi Institute of Technology Hyderabad, completed internship at Department of Chemical Engineering, National Institute of Technology under my guidance. The duration of the internship was from 07th June 2023 to 22nd July 2023. I mentored their project titled "Simulation Studies on Biodiesel Production using Aspen tool". Leading the research, they showed strong academic zeal to research the process, committed themselves to consider multiple solutions, and methodically arrived at the recommendations. They spent a significant amount of time in the department and learnt in-depth what the flow of work is like.

I wish them all the success in his future.

Certificate

This is to certify that **Mr. Manoj Chippa**, Roll No: 160120802033, a student of BTech (Chemical Engineering) from Chaitanya Bharati Institute of Technology (CBIT), has undertaken project work entitled '**Re-verification of an LBM solver for blood flow in a microchannel**' under my supervision in the Department of Chemical Engineering, IIT Hyderabad from 12th June 2023 to 14th July 2023, and has successfully completed the same.

During his internship, Manoj reverified an LBM solver developed in C programming language by my MTech student (K Lasya Priya). He did this by reproducing results from each code she had developed earlier for equations of increasing complexity, namely 1D Diffusion, 1D Advection Diffusion, and Navier Stokes equations. He calculated the error percentages with the corresponding FDM codes. Once this was found satisfactory, he obtained results for the 2D Flow of a shear thinning fluid model for blood in a microchannel and verified that the results matched those in the student's thesis.

Manoj is a creative individual who wants to do well in the tasks that are assigned to him. His communication skills are reasonably good. He works (very) well individually, and in a group (which includes other interns and graduate students). In the short time that I observed him, I felt his greatest strength was his can-do attitude and his ability to use resources efficiently to make steady progress toward the results. I enjoyed having him in my group and wish him all success in his future endeavors.

Please feel free to contact me if you have any questions.

Anand Mohan,

Associate Professor, Chemical Engineering.
