INTERNSHIP WORK PROOF

Dear Abhinav,

Please find the attached status report.

My overall feedback is given below and I have also attached it in the document.

“Abhinav has shown proficiency in understanding our technology and his capability is commendable. However, there is room for him to increase his contributions to our production-level projects. This will be essential for the next phase of his internship.

To facilitate this, I request consideration for some adjustments to Abhinav's college schedule. The current demands from his academic commitments are limiting his availability for work, which in turn impacts his ability to contribute more effectively to our operations.

Looking forward, we expect Abhinav to make more definitive contributions to our product development. A more flexible schedule would be instrumental in helping him meet these professional expectations.”
