

# CHAITANYA BHARATHI INSTITUTE OF TECHNOLOGY

Autonomous Institute | Affiliated to Osmania University

## A NOTE ON CAPACITY DEVELOPMENT AND SKILL ENHANCEMENT ACTIVITIES IN THE INSTITUTE

Institute emphasizes on the all-round development of a student. As a step in that direction, a number of capacity development programs and skill enhancement activities are organised every year, besides curricular, co-curricular and extra-curricular activities.

The placement cell organises many training programs to develop soft skills among the students. The English department focuses on developing communication skills among the students through dedicated labs facilitated for this purpose. Life skills (such as yoga, physical fitness, health and hygiene) are included by the physical education department through various programs specially designed for the purpose, which include the 'Fit India' program initiated by AICTE. All departments are involved in bringing awareness of latest trends in technology to the students of their respective departments, through expert lectures, alumni talks, industrial visits, and internships.

Over and above these activities, the curriculum also is designated to include many subjects.
