ABOUT THE FDP/MDP/ Skill Development Programme

The objective of the program is to focus on continuous Improvement for Organizational Excellence. Kaizen, a Japanese term meaning "change for the better" or "continuous improvement," embodies a philosophy and methodology aimed at achieving continuous enhancement in processes, products, services, and overall organizational performance. Rooted in the principles of Lean manufacturing and Total Quality Management (TQM), Kaizen emphasizes the involvement of every employee, from the frontline workers to top management, in identifying and implementing incremental improvements.

Kaizen advocates for small, gradual improvements rather than radical changes, with the belief that these incremental advancements accumulate over time to yield significant overall improvements. Central to Kaizen is the recognition of the value of every individual within the organization. It encourages the involvement of employees in decision-making processes and fosters a culture where ideas and contributions are respected and valued. . Standardization provides a baseline for identifying deviations and opportunities for enhancement. Kaizen emphasizes the importance of going to the gembu, or the actual workplace, to understand processes, identify issues, and collaborate on solutions. Effective implementation of Kaizen requires training employees at all levels on the principles and methodologies of continuous improvement.

Total Quality Management (TQM) is a comprehensive approach to quality management that aims to enhance customer satisfaction by continuously improving all aspects of an organization's processes, products, and services. One of the fundamental tools within TQM is the 5S methodology, which provides a systematic framework for organizing the workplace to improve efficiency, safety, and quality. Description:

On January 7th, the Social Responsibilities department of Chaitanya Spandana visited Sree Keerthana Foundation in Hastinapuram, LB Nagar. The primary objective of the event was to instil a sense of responsibility in the children when flying kites. We held a workshop on kites during which we discussed their benefits and cons. We also talked about the distinctions between paper and plastic kites, as well as the many kinds of manjas and their impacts. Additionally, we highlighted valuable lessons that can be learned from kite flying, emphasizing its significance beyond mere enjoyment. The children actively participated by crafting their own kites and flying them with proper precautions, adding to the joyfulness of the event.

Volunteer testimonials:

It was a great experience with the kids. Motivating kids is a hard task but we tried and were successful. The simple kite flying activity brought smiles on their face. Returning from an orphanage after the event had a great impact on me . The kite flying activity created a bond between us and the children. After the event I had a sense of joy and satisfaction.

Event Summary:

The Environment department of Chaitanya spandana organised a plantation awareness drive named Prakruthi. Gardening is deemed essential, as it fosters sustainable living by cultivating one's own produce. Composting, as highlighted, holds significance for its role in recycling organic waste into nutrient-rich soil. It has been reported that composting aids in waste reduction, contributing to a greener and more eco-friendly lifestyle. In discussions, the importance of these practices is stressed as key elements in promoting environmental stewardship and self-sufficiency. Kids in the orphanage were familiarised about the plantation and further care of 10 different plants which includes rose, hibiscus, marigold, nandivardhanam, amla, curry leaf, chilli, tamato, brinjal and ladyfinger. To nourish the plants they were explained about the composting. Furthermore, all the members of the orphanage participated in the composting making.

This event thought the importance of planting the trees and composting to improve their growth.

Volunteer Testimonial(Rashmitha):

Hi this is Rashmitha I am honored to share my heartfelt experience for the Swatchtha event, a remarkable initiative that seamlessly combined environmental consciousness educational outreach. This event not only left a lasting impact on the kids about the plants

The highlight of the event was the thoughtful activity of planting saplings. It was heartening to witness of all kids coming together with enthusiasm, and a shared commitment to nurturing the environment, especially the session on composting for children. The club people all took a creative approach to teaching the kids about the importance of waste reduction and the transformative power of composting. The interactive and hands-on experience allowed kids to grasp the concept effortlessly, empowering them to make eco-friendly choices in their daily lives. This event made my beliefs strong about the environment and the uses of plants in our daily life. I specially thank to all the people and the Chaitanya Spandana for this opportunity.... I extend my sincere gratitude to the organizers and participants for creating an event that will continue to bear fruits literally for years to come.

EVENT SUMMARY:

On February 7th, 2024, the Education department of Chaitanya Spandana embarked on a meaningful visit to Karthikeya Concept School in Hasthinapuram. Our mission? To advocate for the importance of knowledge beyond mere marks. As we stepped into the classrooms, we were greeted by the genuine smiles of the students, setting a warm tone for our interaction. Engaging with them, we found ourselves transported back to our own school days, reminiscing about cherished memories.

Central to our engagement was the screening of "Half Mark," a poignant short film carefully chosen to highlight the significance of conceptual understanding over grades. Through discussions and activities, we encouraged students to ponder the true essence of education and its broader implications.

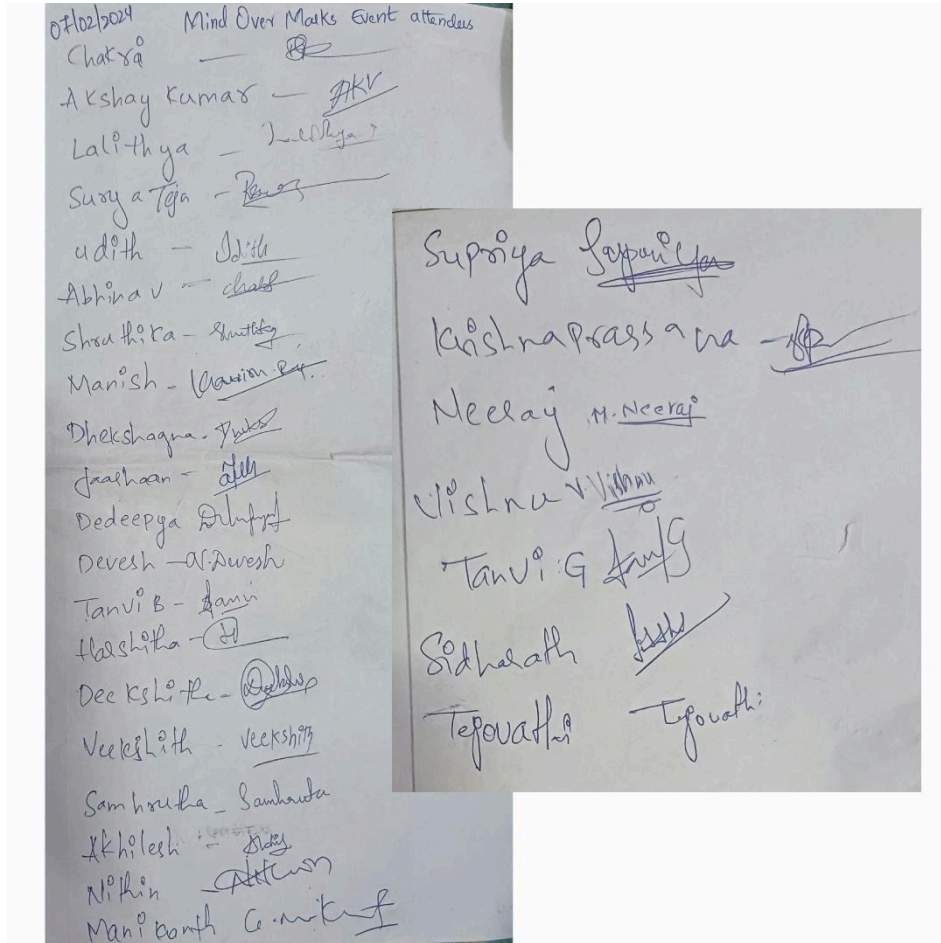

Following the screening, we empowered students to explore diverse methods of comprehending challenging concepts, moving beyond rote memorization. A creative essay writing session ensued, not merely honing composition skills but also nurturing critical thinking and effective expression.

Our visit culminated in a lively gaming session, fostering joyful participation and camaraderie among the children. By fostering a culture that prizes knowledge acquisition over mere recitation, our aim was to sow the seeds of lifelong learning and holistic development. The students' active engagement throughout the visit affirmed their grasp of the core message we sought to impart. Overall, it was an enriching experience for both the students and our team, forging lasting memories and meaningful connections.

VOLUNTEER TESTIMONIAL:

This is Lalithya from 2nd year and I joined the club very recently. The shy person that I am, awkwardness in me started to kick in as soon as I saw so many volunteers who came in. I wouldn't say I got the hang of speaking out at the very start but after we went into the classroom, somehow the dots were all connected, and everything got a little easier. The way every kid has reminded me of how schools were then and how it is now. I wasn't this attentive and conscious then but rather naive, but seeing these kids respond to the short film we showed about how marks are not the only thing that matters and writing essays about what they liked made me learn to speak out my heart more often. It was so good to see them take a break and feel a little lighter from their regular classes, to see them open up as individuals. "Mind over marks" was a very simple event but what made it so wholesome was everyone trying their best to make them understand. The teachers, seniors, Spandana volunteers, and the Jr volunteers. Efforts came together making the event so nice. I'm grateful for Chaitanya Spandana and I wanna thank Farhaan, Siddharth, kp akka,

Deekshita and all the others who coordinated the event :) – G Lalithya

Respected Sir

Subject: Requesting permission to conduct two events

The Education Department of Chaitanya Spandana is proposing to conduct two events titled "Mind Over Marks: A Quest for Wisdom" in Karthikeya School, LB Nagar on 7th February from 03:30 PM to 05:30 PM and "Career Guidance" in Silver Drops High School, Jillalaguda on 13th February from 09:00 AM to 10:30 AM. These event holds significant importance, considering the prevailing lack of awareness among today's youth regarding the diverse streams and opportunities available after completing classes 10th and 12th, and also the stress they take about scoring of good ranks and marks rather than focusing on gaining knowledge. Many are either influenced by societal norms to choose either MPC or BiPC, or they lack sufficient resources to explore alternative career options. We envision this event as a pivotal opportunity for students to discover the rich tapestry of exciting and emerging career paths available in today's rapidly evolving world.

We request you to grant us the permission conduct this event as it will be beneficial to the children, for whom we believe it will definitely act as an eye-opener, illuminating possibilities beyond the stereotypical choices, and ultimately inspiring students to forge their own unique career journeys.

Date (Time): 7th February 2024 (03:30 PM to 05:30 PM)

Attending this event will truly be unforgettable, especially since it was my first time presenting in front of people. I hope I did the justice for the work assigned to me. From the journey to the venue to returning home, every moment made last Sunday truly special! The interactions, especially with the alumni, were priceless. I mean meeting someone I hadn't seen in a long time was a surprise. Thank you for including me in this wonderful event. Sending a special shoutout to all the coordinators for their hard work and dedication! And congratulations to all the participants for making it a successful event.

Event Summary:

The Environment department of Chaitanya Spandana organised an operational event named Luminous Paws, where we collared the street dogs with radium bands to prevent them from getting injured in the dark. Radium, known for its luminous properties, ensures that these dogs are easily identifiable in low-light conditions, thereby reducing the risk of accidents involving vehicles and pedestrians. The primary focus of Luminous Paws was to collar street dogs with radium bands, providing them with increased visibility during nighttime hours. A team of dedicated volunteers and organizers worked tirelessly throughout the day to fit radium collars on street dogs in the vicinity. Each collar was customized to fit comfortably and securely, ensuring the safety and well-being of the dogs. Our organizers were also accompanied by volunteers from our collaborative partner CITIZENS FOR ANIMALS who helped us in handling the dogs.

Overall, the event was filled with positivity as we saved more dogs from getting killed on the roads and succeeded in completing our target of collaring up to 100 dogs.

Amount spent: Rs 5000/-

Volunteer Testimonial(Veerender):

Hey guys, well when we were discussing about the service ideas, it was one of the initial ideas I had. It was further modified and improvised by our team members. And finally we got contact of an NGO. This NGO was already doing these service jobs for years, and was well trained and experienced in the field.

As we were searching for the dogs in the areas, we had good reach and spent all the time learning more and more about dogs and helped the NGO members collaring bands for the dogs.

It was a fruitful day, but one problem we faced was the HEAT which caused a lot of trouble for us and dogs and all the animals alike. They all were hiding or thirsty. We did our best for these creatures of nature. Hopefully we grow more with more power and do more such events.

Volunteer Testimonial(Shiva Shankar):

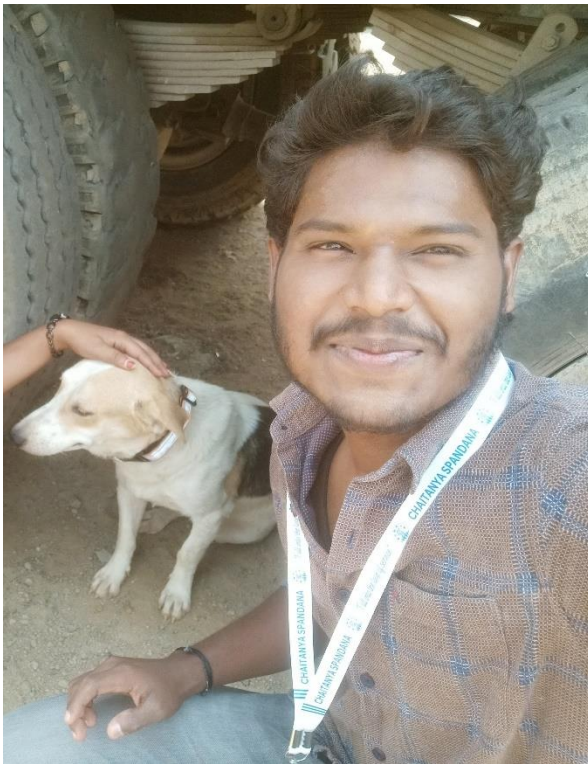

I am very thankful for attending the LUMINOUS PAWS event.

It was my first event which I had participated in the CS club. It boosts my confidence. I'm eagerly waiting to participate for upcoming events in our club.

I am absolutely thrilled with the incredible service and dedication to provide my top-notch. Service is truly impressive. My team members showed their genuine love towards the animals and my humble thanks to all my team members.

I wholeheartedly recommend LUMINOUS PAWS to everyone for seeking exceptional pet care. Their commitment to excellence and compassion is unmatched.

Thank you, LUMINOUS PAWS for providing a shining example of outstanding pet care.

Task Report:

The Social Responsibilities department of Chaitanya Spandana took the initiative to do cool roof painting and clay pots donation at Prasanthi old age home and joy foundation society as per the previous surveys conducted by the team. As this year we are having hot summers we thought of doing something to the Old Age home during this time. This cool roof painting can reduce the room temperature which will be helpful during this summer. Clay pots which are eco friendly and healthy have cool water from it.

We have purchased cool paint and clay pots from Kukatpally itself by visiting multiple shops to get better prices and to reduce transportation cost. For the 1st layer of cool roof painting, we purchased 2 paint brushes and 1 cool paint bag for both Prasanthi Old Age home and joy foundation. On April 28th we reached both venues early in the morning to escape from heat waves. We started from 8:00 am and completed by 10:20Am. Then we gave the clay pots to the caretaker which we purchased from a local vendor. We also gave some instructions to the caretaker how to use clay pots and had an interaction with him also. Finally, we had a great time interacting with the grandparents and they were really happy for the work we had done there.

Actually 2nd layer should be done after 10 hours of 1st layer of painting but we don't have time to do so as we are having college working days. so we had done 2nd layer of painting on May 4th with 1 cool paint bag for both Prasanthi Old Age home and joy foundation. We reached the venue by early morning 8:00 am and completed it by 10:00 am. Then we drank the water from clay pots which we donated the previous week which were cool. And we spent some time interacting with the grandparents, who were very happy with the things we had done.

The Social Responsibilities Department of Chaitanya Spandana took up an initiative to beat the summer heat! On April 28th, we brightened up Prasanthi Old Age Home and Joy Foundation Society with cool roof paint and eco-friendly clay pots. This initiative not only reduced room temperatures but also provided refreshing cool water.

On May 4th, we completed the second layer of painting, ensuring lasting relief. The best part? Seeing the grandparents' smiles and enjoying cool water from the donated pots. Their happiness made it all worthwhile!
