## Memorandum of Understanding

This Memorandum of Understanding ("MOU" also called "Agreement") is made as of the **Coincent.ai** between **Chaitanya Bharathi Institute of Technology, Hyderabad** (hereinafter called "CBIT" or "Institute") in the month of June 2023.

### 1. Introduction

**CHAITANYA BHARATHI INSTITUTE OF TECHNOLOGY (CBIT)**, established in the Year 1979, esteemed as the Premier Engineering Institute in the States of Telangana and Andhra Pradesh, was promoted with an Objective to facilitate the Best Engineering and Management Education to the Students and contribute towards meeting the need of Skilled and Technically conversant Engineers and Management Professionals, for the Country that embarked on an Economic Growth Plan. In its four decades of existence, all the Stake Holders of the Institute, relentlessly endeavored to position CBIT as an Institution that is a Leader and an Innovator in the Ecosystem of Engineering Higher Education and Management. With the Students being the singular Objective, the Institute has established excellent Infrastructure such as State-of – the Art Laboratories, spacious Library with Printed and Digital Collection of Books and Journals, Sports, Hostel, and other Infrastructure for Research, Innovation, Incubation, Entrepreneurship, Extra and Co-Curricular Engagements with a total built-up Area of about 57,714 Sq. Mts., in the serene Ambience of 50 Acres to inspire, encourage and pursue Academics. In its relentless strive for Academic excellence, CBIT has scaled great heights both Nationally and Internationally in Industry and Global Universities.

**Coincent.ai** This memorandum of understanding (MoU) outlines the content related to **Coincent.ai**, an Ed Tech startup company that operates as a subsidiary of Movidu Technology Pvt Ltd. Established in 2021 under the Companies Act, 2013, **Coincent.ai** serves as an aggregator platform offering various projects, internships, and job opportunities. The training programs provided by **Coincent.ai** are conducted by industry experts. The platform enables students to test their ideas, receive feedback from industry experts, and stay updated with the latest trends

across different domains. Students can benefit from live projects, internships, mentor-led interactive sessions, and collaborations with partnered companies, helping them prepare for industry-ready jobs. The primary objective of Coincent.ai is to provide students with valuable opportunities to work with leading companies in the industry.

## **2.0 Recitals**

WHEREAS, Coincent.ai expresses its interest in establishing a collaborative engagement with CBIT based on shared interests, as outlined in the following framework, while not limited exclusively to the areas specified in sections 2.1 and 2.2.

2.1 Coincent.ai specializes in providing a comprehensive program comprising 2 months Live Industrial Training and Project-Based internship opportunity, specifically tailored for the students of CBIT college.

2.2 The Parties involved aim to foster cooperation and concentrate their joint efforts in the domains of Skill-Based Training, Expert lectures, Education, and Placements.

In consideration of the above recitals and the mutual benefits to be derived hereafter, the parties agree to enter into an Agreement as follows:

### **ARTICLE – I: Scope of the MoU**

#### **Coincent.ai – Proposed MOU Objectives:**

To have the long-term relationship with CBIT in terms of providing the Industrial Training and internships to CBIT students and making the students ready for the Industries, this will relate to the field of mutual interest for both the parties.

### **ARTICLE – II: Scope and Terms of Interactions**

Both CBIT and Coincent.ai shall encourage interactions between both the Institutes, Students & Engineers, of both the organizations through the following arrangements:

1. Industrial hybrid training model to CBIT students at Coincent.ai in the form of 2 months Live Project + unpaid Internship from Coincent.ai partnered companies.

2. Guidance to CBIT student in projects in various technical areas including ArtificialIntelligence, Web Development, Data Analytics, and related Technologies at CBIT by Coincent.ai on mutual agreement.
3. Train the Faculty on the topics as agreed between Coincent.ai and CBIT

#### **ARTICLE-III: Effective Date and duration of the MoU.**

- a) This MoU will be effective from the date of its approval by competent authorities at both ends.
- b) The duration of the MoU will be for a period of **3** years from the effective date which may be extended after mutual understanding. However, if any Industrial Training or Internship is ongoing, both parties agree to complete the work even the MoU is not effective after **3** years.
- c) During its tenancy, the MoU may be extended or terminated by a prior notice of not less than one year by either party. However, termination of the MoU will not in any manner affect the interests of the students. Any clause or article of the MoU may be modified or amended by mutual agreement of Coincent.ai and CBIT.

#### **ARTICLE- IV: Consideration / Commercial**

1. There is no economical terms associated with this MOU.
2. The commercial terms (if any) along with scope of work will be discussed separately, mutually agreed and will be included in separate agreement.

#### **ARTICLE – V: Confidentiality**

During the tenure of the MoU both CBIT and Coincent.ai will maintain strict confidentiality and prevent disclosure of all the information and data exchanged under the scope of this MoU for any purpose other than in accordance with this MoU.

Both CBIT and Coincent.ai shall bind their respective personnel who come into possession or knowledge of any confidential information not to disclose the same to third parties without

written approval of the disclosing party or use such confidential information for any use other than intended under this agreement or PROJECTS. Further both CBIT and Coincent.ai should put in place adequate and reasonable measures to keep and store confidential information secure so as to prevent any unauthorized use.

### **CONFIDENTIAL INFORMATION**

Confidential Information shall mean any proprietary information, data or facts belonging to PARTIES collectively or severally, disclosed by the disclosing party under this agreement or any subsequent agreement, whether in writing, verbal or electronically, irrespective of the medium in which such information is stored, which is marked confidential or with any other words having similar meaning by the disclosing party, or specifically agreed to be kept confidential by the parties, or declared or identified so by the disclosing party before such disclosure or during the discussions. ### Preamble

This Memorandum of understanding is made between CBIT and Megasynt Technologies on 9 January. 2025.

Between

**Chaitanya Bharathi Institute of Technology**, Gandipet, Hyderabad, established in the year 1979, esteemed as one of the premier engineering college in the states of Telangana and Andhra Pradesh. (Herein referred to as CBIT which expression shall unless repugnant to the context of the meaning) as FIRST PART

And

**Megasynt Technologies Pvt Ltd**, 1st Floor, Plot No 35, W/part, Hayathnagar, Hyderabad, Telangana 501505. (Herein referred to as **Megasynt Technologies** which expression shall unless repugnant to the context of the meaning) as SECOND PART

### 1. Introduction

**A. Megasynt Technologies**, a premier provider of cutting-edge VLSI design and development solutions, specializing in fast computing hardware for automotive, industrial, space, defense and commercial applications. Our expertise lies in collaborating with leading organizations to deliver turnkey solutions, from design and verification to project implementation, tailored to meet the most demanding requirements in the industry.

At Megasynt, we are also committed to bridging the gap between academic learning and industry demands by offering specialized training programs and hands-on workshops. These initiatives provide aspiring engineers with the skills and industrial exposure needed to excel in real-world VLSI challenges. This dual focus on innovation and education positions us as a trusted partner for both industry projects and talent development in the rapidly evolving world of VLSI.

**B. CHAITANYA BHARATHI INSTITUTE OF TECHNOLOGY (CBIT)**, established in the Year 1979, esteemed as the Premier Engineering Institute in the States of Telangana and Andhra Pradesh, was promoted with an Objective to facilitate the Best Engineering and Management Education to the Students and contribute towards meeting the need of Skilled and Technically conversant Engineers and Management Professionals, for the Country that embarked on an Economic Growth Plan. In its four decades of existence, all the Stake Holders of the Institute relentlessly endeavored to position CBIT as an Institution that is a Leader and an Innovator in the Ecosystem of Engineering Higher Education and Management. With the Students being the singular Objective, the Institute has established excellent Infrastructure such as State-of - the Art Laboratories, spacious Library with Printed and Digital Collection of Books and Journals, Sports, Hostel, and other Infrastructure for Research. Innovation. Incubation, Entrepreneurship, Extra and Co-Curricular Engagements with a total built up Area of about 57,714 Sq. In its relentless strive for Academic excellence CBIT has scaled great heights both nationally and internationally in Industry and Global Universities.

Megasynt Tehcnologies is a technology startup based out of Hyderabad, India. We work on leading technologies in VLSI designing in Automotive, Space and Defence fields. The Company Provides solutions range different processor designs from simple microcontrollers to high computing hardware.

## 2. Recitals

Megasynt Tehcnologies is interested in engaging with CBIT in areas of mutual interest as framework outlined below but not necessarily restricted to those mentioned in 2.1 to 2.10.

CBIT is having faculties with expertise in the area of Electronics & Communication. Electrical, Mechanical, Bio-Tech, Chemical, CSE, IT and other emerging technologies areas, whose services can be availed by MSME Industries in Hyderabad to develop new products/process and software required by the customers and the society. Ministry of MSME, GOI, has approved MSME Incubation Centre at CBIT to conduct various Programs. The services of Experts available with CBIT can be availed by Megasynt Technologies, to develop new

products/process and software required by the customers and the society. The Proposed Interaction will also help students of CBIT to have industry interaction and involvement in development projects taken up by 'Megasynt Technologies along with CBIT or live projects being carried out by Megasynt Technologies' for other organizations under their internship. The industrial visits by the students will provide them with an exposure to various equipment, design and manufacturing process etc.

"Megasynt Technologies" is interested in engaging with CBIT in areas of mutual interest with focus areas as follows.

- 2.1 Offering Internships to under graduate and Post graduate students of ECE and IT Department.
- 2.2 To Pursue Projects in the Communication and Electronics domain
- 2.3 Placement of under graduate and Post graduate students through Performance Measured Internships and Interview Process.
- 2.4 Mutual Work space will be offered for the Industry at the college premises for display and use their equipment's to the students and faculty of the Department.
- 2.5 Shall assist the department in the curriculum development through the recent trends in different areas of Electronics and Communication.
- 2.6 Allowing Students for the industrial visits with no financial commitment
- 2.7 Partial delivery of course content or Guest lectures as part of the industrial expertise to both UG and PG Students.
- 2.8 Delivery of Open course by the industry
- 2.9 Certification programs that leads to Placements

# PHYSICS DEPARTMENT

BUFFALO STATE • The State University of New York

18 May 2024

Assistant Professor Dr. S. Shanmukharao Samatham  
Department of Physics  
Chaitanya Bharathi Institute of Technology  
Gandipet, Hyderabad 500 075, India  
<shanmukharao\_physics@cbit.ac.in>

Dear Dr. S. Shanmukharao Samatham,

By nomination of Assistant Professor Dr. Arjun Pathak and myself, and after consulting department faculty, staff, and students, the *Department of Physics of the State University of New York (SUNY) Buffalo State University* is hereby pleased to appoint you on this date as

**Affiliated Assistant Research Professor of Physics, SUNY Buffalo State University.**

This appointment is in recognition of your considerable scholarly research and publication track record collaborating with our department faculty, staff and students in the area of materials physics.

Besides the affiliated faculty title (which we encourage you to use broadly in collaborative works), the department will list your biography and photograph on our departmental website, and we encourage you to consider spending a sabbatical at our location in Buffalo NY. Regretfully, there is no remuneration or salary accompanying this appointment, which will be considered for renewal on or before 18 May 2026 to be in accordance with Physics Department By-Laws.

Congratulations again and thank you for your hard work and presence contributing to our department culture of supportive research, scholarship, and service -- all fostering student learning.

We wish you well in your future endeavors.

Sincerely,

Professor Dr. Dan MacIsaac, AAPT Fellow  
Chairperson  
Physics Department

## **AN AGREEMENT FOR COLLABORATION**

between

*Chaitanya Bharathi Institute of Technology (CBIT, Hyderabad, India)*

and

*M.N. Mikheev Institute of Metal Physics of Ural Branch of Russian Academy of Sciences (IMP UB RAS, Yekaterinburg, Russia)*

### **The objectives of the collaboration**

1. The parties sign this agreement on a scientific co-operation between Chaitanya Bharathi Institute of Technology, Hyderabad and the M.N. Mikheev Institute of Metal Physics of Ural Branch of Russian Academy of Sciences (IMP UB RAS) in order to combine their complementary competencies and apply them to the scientific research in the area of study of magnetic properties and electronic structure of solids.
2. The cooperation will be very useful for both sides as it can bring together the efforts of specialists with different scientific skills, using their wide experience and knowledge and combining the unique research possibilities of both partners aimed at common targets.

### **Scope of the collaboration and the obligations of the parties**

3. According to the present agreement, activities of the parties are carried out within the scientific research programs at the CBIT, Hyderabad and IMP UB RAS.
4. The parties agree upon the scientific exchange involving program directors, research personnel and students for participating in the joint activities. Some of technicalities of this exchange would be by mutual agreement in each case about the travelling and living expenses of collaborators.
5. The rights on the intellectual property created in the result of joint work, including reports at scientific meetings and their publication in scientific journals, will be subject to agreement between the parties. Mutual consultation of the partners is essential.
6. The partners, when necessary agree upon the exchange of some scientific equipment (computers etc.) and computer codes necessary for running the joint projects efficiently. The exchange procedure will be subject to agreement between the parties.
7. Each party will render its assistance to the visitors from the other Institution in solving practical problems according to the agreement of the co-operating

groups.

8. The parties agree to establish frequent communications by FAX and e-mail in order to ensure reliability of work. The expenses of using mail facilities will be covered by the sending party.

9. All problems arising as consequences of the present agreement during the period of action will be resolved by mutual negotiations.

10. Practical planning of joint projects will be achieved by more detailed additional agreement between parties and by making joint applications for grants within the framework of this agreement.

11. The present agreement will be in force from the moment of its approval by the parties for three years and will be automatically renewed each year unless one of the parties notifies its termination in writing at least 3 months prior to expiration.

12. The persons responsible for the fulfilment of this agreement are:  
from Chaitanya Bharathi Institute of Technology – Dr. S. Shanmukharao Samatham  
from Institute of Metal Physics – Dr. A.V. Lukoyanov.

13. This agreement is drawn up in English.
