Report on Rubicon's Life Skills Program (Day - 1)

Date: 31.10.2023

Day: Tuesday

Member PCC: Dr T Prathima

Student SPOCs: Sai Priya (EEE), Manoj (IT), Karthik (Mech), Sri Vardhini (Chem), Manoj (CSE)

Start Time: 09:30 am

Break Time: 12:00 pm to 1:00 pm

End Time: 3:30 pm

Total minutes covered: 300 minutes approx.

The session started with the introduction of **S. Ramana Kumar,** a specialist in campus-to-corporate training from **Rubicon's** "Life Skills" Program, supported by Barclays.

Points Covered:

- Discussed one of the most important questions asked during any corporate interview "Tell me about yourself", and emphasized a "9 sentence rule", covering,
  1. How to Greet/Thanking with respect to the timelines (Good Morning, afternoon, and evening).
  2. Tell about your name and the place where you live.
  3. Educational Qualification or any certification showcasing gave additional tips on always pronouncing the whole name.
  4. Prepare/Revise about the projects or internships that you have previously done.
  5. Mention about your Family Background.
  6. Explain your short-term or long-term goals (at least one)
  7. Tell your strengths(3max) and never reveal your weaknesses until you are asked to.
  8. Tell your hobbies and interests (avoid saying "watching television" or any other non-related activities).
 9. Always end by closing line (like Thank you, Have a good/nice day, etc)

- Talked about perspective opinions of positive and negative impressions and quoted that "It takes 8 positive encounters to change another person's one negative opinion on you" and "Half of the interviews are lost in the first 3 minutes of first impression".
- Discussed how appearances matter during the interview and determined ABCs of the first appearance and its importance and informed points like
- A->Appearance, B->Behaviour, and C->Communication, and advised to wear a plain shirt (White's the Best, Blue/Yellow as secondary and avoid wearing black).

- Suggestions on how to make a first impression:
  1. Be presentable.
  2. Make eye-to-eye contact.
  3. Say the other person's name (a person's name is the sweetest sound they can hear).
  4. Smile and mean it (Don't fake it).
  5. Give a firm handshake.
  6. Listen and understand genuinely.
  7. Never lie or make any exaggerated claims
- Stated statistical researched facts like:
  1. 35% of interviews were decided in the first 2-3 minutes.
  2. 25% of the interviews were put off by a weak handshake or lack of eye contact.
  3. 24% were put off for poor body language.
  4. 18% were put off by poor posture(Slumped shoulder suggests lack of confidence).
  5. Interviews take an average of 7 minutes to know whether you are the right fit for the job.
- 5 positive ways for the first impression:
  1. Punctuality
  2. Handshake
  3. Appearance
  4. Conversation
  5. Smile

  During the conversation, elevate the pitch to not more than 15-20 seconds.

- How to make a connection out of conversation?
  1. Inform the other person about your intentions.
  2. Take help from them to let them know that you're interested and open to asking.
  3. Relate things like same interests or same qualification.

Report on Rubicon's Life Skills Program (Day - 2)

Date: 01.11.2023

Day: Wednesday

Member PCC: Dr T Prathima

Student SPOCs: Sai Priya (EEE), Manoj (IT), Karthik (Mech), Sri Vardhini (Chem), Manoj (CSE)

Session Trainer: S. Ramana Kumar

Start Time: 09:30 am

Break Time: 12:10 pm to 1:00 pm

End Time: 3:50 pm

Total minutes covered: 300 minutes approx.

The session continued with the recapping and recalling of Day-1 topics and was eventually driven to the importance of **"communication"** and **"public speaking"** skills as today's agenda.

Points Covered:

- Discussed SWOT analysis and addressed students to evaluate their own,
  1. Strengths:
     - Professional skills that you have.
     - What are you good at?
     - Services I offer that others can't.
     - Favorite personalities (like empathy, Helping nature, etc;)
     - Resources to possess (like coding clubs)
  2. Weaknesses:
     - What are you bad at?
     - What should you hone and practice?
     - What are you afraid of?
     - What's wrong with your mindset?
     - What are the roots of your failure?

3. Opportunities
    - What training programs are available?
    - Can you receive a better education than the current one? (like YouTube, and LinkedIn)
    - What can your college offer to improve yourself? (like training programs, clubs, projects)
    - Who can support and help you? (like parents, friends, and lectures)
    - What are the beneficial policies?
4. Threats
    - What obstacles are in your way to success?
    - Who are your competitors?
    - What are the new technologies that you don't master?

- Drove to the 10 greatest fears of most people and emphasized the importance of "public speaking" stands as the No.1 fear. And followed by other common fears:
    a. Public Speaking
    b. Death
    c. Spiders
    d. Dark
    e. Heights
    f. People or social situations
    g. Flying
    h. Open spaces
    i. Thunder and lighting
    j. Confined spaces

- Statistically explained that 1 out of 8 people in developed countries fear public speaking and motivated students to overcome the fear of public speaking by defining "FEAR" in a new way.

- From FEAR = "FORGET EVERYTHING AND RUN" to "FACE EVERYTHING AND RISE" and the choice is yours!!, it all had to do with the amount of confidence an individual has. Hence, stated that "Public Speaking is equal to confidence".

- And stated that public speaking is the only thin line that is drawn between success and failure.

- Gave tips like the following to embrace the skill of public speaking:

Segregate the topic to be spoken into 3 parts,
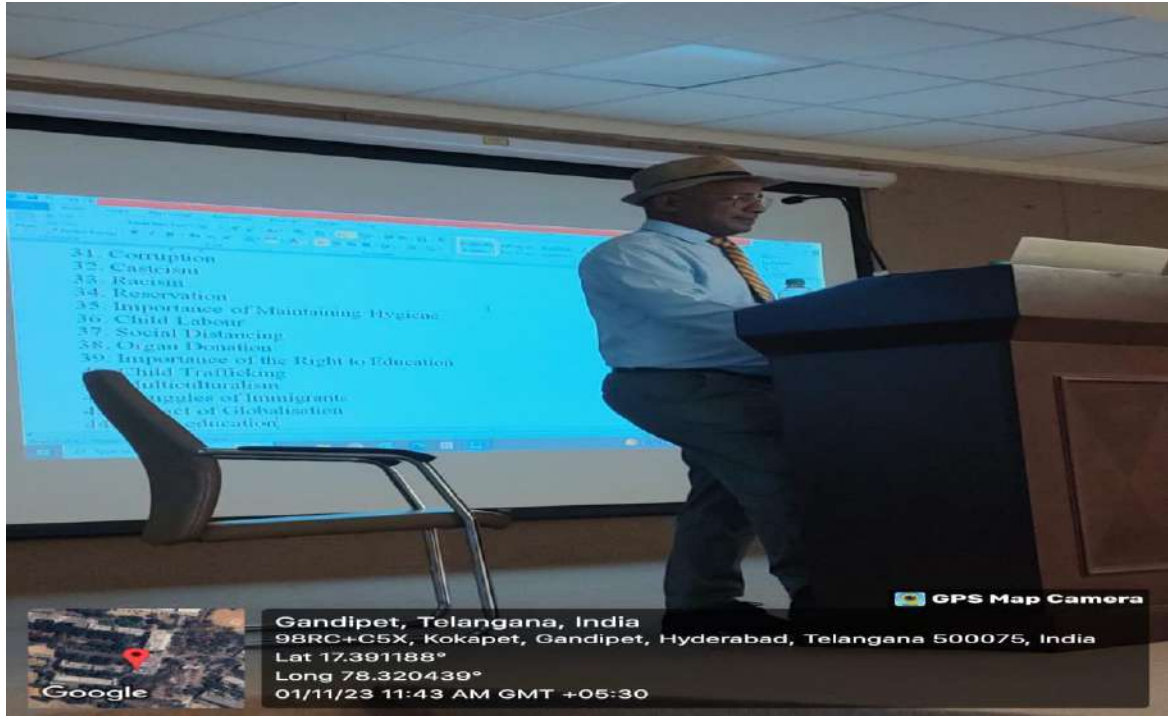

Introduction – 15%

Main Points – 75%

Conclusion – 15%

- Follow the 4P rule, Plan, Practice, Prepare, and perform, because the audience will judge you in the first 30 seconds.
- Understand and evaluate the target audience, make eye contact, and maintain useful gestures and purposeful movements that will wholesomely result in powerful public speaking body language.
- Gave a video demonstration on public speaking by Toastmasters International and insisted on joining the Toastmasters club to participate and explained that great speakers practice 30 hours for 1 hour of speaking.
- Advised to practice by recording on your mobile in your free time.
- Explained a mind map technique which is used to simplify the topic by diagrammatically visualizing and organizing the information into a hierarchy.
- Provided some topics to speak about and evaluated students by asking them to speak for 2 minutes at least.

Report on Rubicon's Life Skills Program (Day - 3)

Date: 02.11.2023

Day: Thursday

Member PCC: Dr T Prathima

Student SPOCs: Sai Priya (EEE), Manoj (IT), Karthik (Mech), Sri Vardhini (Chem), Manoj (CSE)

Session Trainer: S. Ramana Kumar

Start Time: 10:00 am

Break Time: 12:15 pm to 1:15 pm

End Time: 4:00 pm

Total minutes covered: 300 minutes.

The session continued with the recapping and recalling of Day-1 and Day-2 topics and was eventually driven to the importance of **"Group Discussion"** and **"Presentation"** skills as today's agenda along with some activities with participants.

Points Covered:

- · Addressed the students about group discussion fundamentals in both theoretical and practical ways,
    - o You must initiate the discussion so you can grab the attention of the interviewer.
    - o Allow others to speak.
    - o Speak "for" and "against" the topic.
    - o "Bulldozers" and "stones" i.e., metaphorically "Argumentative/Too offensive" or the "silent persons" in the group are often rejected.
    - o A person who speaks relatively louder, uses sensible words, and has good listening skills is selected.
- · Suggested a few skills to crack GD.
    - o Listening skills.
    - o Public Speaking
    - o Good Vocabulary
    - o Logical Reasoning

- o Analytical and Conceptual Reasoning
- o Interpersonal Skills
· There are 20-30 people in GD generally.
· Explained how GD is different from debate:
  - o Group discussions (GD) involve open, collaborative discussions among multiple participants with the goal of sharing perspectives and ideas, while debates are more structured, formal, and competitive discussions between two opposing sides with the objective of determining the stronger argument.
· Explained that we need to communicate in the corporate world "ASSERTIVELY" and assertive communication in a corporate environment promotes healthy relationships, effective problem-solving, and a positive work atmosphere.
  - o It allows individuals to express themselves while maintaining respect for others, ultimately leading to better collaboration and productivity.
· Conducted a GD session for the students on the topic "Arrange Marriages Vs Love Marriages", and evaluated and rectified the mistakes of students.

- After the group discussion, the importance of presentation skills was discussed stating that these skills are the next level of public speaking.
- Statistically asserted that 70% of the presentation skills are critical for professional success at work as per Forbes magazine and the audience evaluates you in the first 30 to 120 seconds and there is no second chance, which states the fact that "first impression is the best impression".
- Every 3 out of 4 people have Glossophobia – the fear of speaking in public and there are 4 key aspects to remember to hone these skills:
  - o Voice
  - o Language
  - o Body Language
  - o Visual
- Emphasized that speed, toning your speech while presenting, and maintaining volume, variety, and vocabulary matters.
- Also added that body language plays a vital role during a conversation with respect to the gestures that you provide like
  - o Nodding the head up and down (indicating "yes"),
  - o Nodding Sidewise (indicating "maybe" but sometimes considered as "Yes" at different locations),
  - o Nodding Left and Right (indicating "No"),
  - o How to hand over visiting cards (holding at the adjacent corners) and
  - o Resume (Holding at the diagonal corners), etc.

o **Activity 3:** In the "Blindfolded Highway Challenge," a blindfolded student navigates a path created by two parallel highway-like rows of cups with the help of their teammates' verbal instructions. Skills that are assessed:

- **Promote teamwork,**
- **Evaluate the ability to communicate effectively, and**
- **Foster trust among participants.**

- o **Activity 4:** In the "Dynamic Movement Challenge," students follow a series of verbal instructions to walk, stop, jump, clap, and dance, with the complexity increasing over time. The challenge also involves performing the opposite action when certain words are given. This engaging and interactive activity assesses:
  - ▪ **Foster teamwork,**
  - ▪ **Assess participants' ability to adapt to changing instructions, and**
  - ▪ **Enhance their coordination and listening skills.**

Invitation to PepsiCo's Campus Conclave | 14th December 2023

SPA - HBS Campus <HBSCampus@pepsico.com>　　　　　　　Fri, Dec 1, 2023 at 8:31 AM

Dear Professor,

Greetings from PepsiCo!

It is with great pleasure that we extend a formal invitation to the students from your campus for the distinguished "Campus Conclave" event. This event marks the culmination of the Pep Ideathon initiated by PepsiCo in November '23, forging a strategic partnership with NASSCOM, TASK, HYSEA, and select engineering colleges across India to cultivate STEM talent for global collaborations.

Event Date and Time: 14th December 2023, 9:30 am – 1:30 pm (includes lunch)

Location: Trident, Hyderabad

This exclusive gathering will bring together Pep Ideathon finalist teams, esteemed external guests, and panelists comprising representatives from NASSCOM, TASK, HYSEA, our esteemed Executive Committee leaders, and the leadership team.

The event will provide participating students unparalleled insights, networking opportunities, and exposure to industry leaders. The agenda includes a compelling Keynote Address by Seth Cohen (PepsiCo's Global CIO), engaging Panel Discussions on "Industry-Academia Collaboration for Future Skills in Emerging Technologies" and "Fostering an Environment to Encourage Women in STEM" and the prestigious felicitation of the winning Pep Ideathon teams.

Your presence at this event is not just a formality; it is an opportunity for selected students to gain valuable perspectives, forge meaningful connections, and be at the forefront of shaping the future of STEM collaboration. We request you share a list of 15-20 students from your campus who are keen on participating in this event by 4th December 2023 (Please share the following details: Full Name, Year of Passing, Email id, Contact No.)

Please consider this invitation a testament to your institution's commitment to excellence in academia, and we eagerly anticipate your participation in this exclusive event.

Do reach out in case of any questions.

Dear Dr. N L N Reddy

I trust this email finds you well. I'm reaching out on behalf of ICLabs for a collaboration on a Webinar on VLSI for the students at your esteemed institution.

I am providing detailed information about the proposed VLSI Webinar for your reference:

Webinar Title: VLSI Career Pathfinder Masterclass

Agenda:
1. *Introduction to VLSI:* Understanding the Basics
2. *Industry Trends:* Current and Future Landscape
3. *Career Opportunities:* Navigating the VLSI Job Market
4. *Interactive Session:* Q&A and Discussions
5. *Networking:* Connect with Industry Professionals

Proposed Date: 22/02/24
Time: 6:00 PM
Duration: 1 Hour
Mode: Online (Google Meet)

Benefits for Students:
- Gain insights into the dynamic field of VLSI.
- Understand the practical applications of VLSI in the industry.
- Explore potential career paths and opportunities.
- Network with professionals in the VLSI domain.

Next Steps:
If the proposed details align with your vision for the students' development, we can proceed with the necessary arrangements.

Please share the following link and image with interested students to get themselves registered:

Invitation to TCS iON Jobinar Session on Careers in Cloud Computing

TCS iON <enquiry.tcsion@tcsion.com>   Fri, Feb 16, 2024 at 11:25 AM
To: placements@cbit.ac.in

Dear Sir/Madam,

We hope this email finds you well.

After the success of our Jobinars on Careers in IoT and AI, we are excited to announce our upcoming jobinar session on **Careers in Cloud Computing, scheduled for 22nd Feb 2024, 5-6 PM**.

We believe this session will provide valuable insights for your students in the field of Cloud Computing. We kindly request your assistance in sharing this information with your students and encourage them to register today.

The session is completely **free of cost**, and we have limited seats to ensure an interactive and enriching experience.

To secure their seats, students and faculty can register at: https://iur.ls/RegisterJobinar

Your support in sharing this link along with the attached creative with your students would be highly appreciated.

This is one webinar your students don't want to miss.

Hello Sir,

It was great meeting you and having a productive discussion yesterday. As a follow up to our discussion, please find
attached the following documents that describe the services we would want to provide to CBIT:

- Company profile brochure
- Organic skilling paths for specific roles
- Short-terms skilling plan for product-based companies
- Microsoft Center of Excellence and partnered activities

Please review the attached documents and feel free to let us know if you have any questions. Just to reiterate, we
have worked with reputed universities/colleges like IIT Palakkad, VIT, SRM, KLU, Ramdeobaba, Parul, QIS to deliver
a significant increment in the learning and placement outcomes. Some of the stats showcasing our impact are
mentioned below:

- 50,000+ students placed so far
- 20% average increase in no.of placements year-on-year
- 15% increase in average salaries year-on-year

Looking forward to presenting our offerings in detail to your team on Saturday, as planned. We would be more than
happy to customize our offerings to a revered institution like CBIT and deliver an impactful collaboration.

Thanks & Regards,

Nishanth Reddy

**Technical Skilling for
Product-based Companies**

Mar 2024

OBJECTIVE – Get students prepared for

Placement in Super Dream Companies with packages more than 20 Lpa
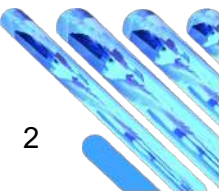

SKILLING PLAN – Modules

Skilling Sessions –
with 100+ coding challenges per phase

Product-Based Focus –
with 5 application-oriented projects

Company-Specific Sessions –
with boot camps & mock tests

TECH SKILLING – 360 Hours Plan

Subject	Duration	Learning Activities	Outcomes
Programming Fundamentals	40 Hrs	- Overview of Programming Languages - Basics of Python/Java	- Understand programming fundamentals - Solve basic coding challenges - Use HackerRank for hands-on practice
Data Structures and Algorithms	60 Hrs	- Arrays, Linked Lists, Stacks, and Queues - Basic Sorting and Searching Algorithms	- Master foundational data structures and algorithms - Solve HackerRank and LeetCode challenges
Advanced Data Structures and Algorithms	60 Hrs	- Trees, Graphs, and Advanced Sorting and Searching Algorithms	- Learn advanced data structures and algorithms - Solve challenging HackerRank and LeetCode problems
System Design Concepts	40 Hrs	- Scalability, Load Balancing, and Distributed Systems - Database Design and Optimization	- Understand system design principles - Work on HackerRank and LeetCode challenges related to system design concepts
Web Development Fundamentals	60 Hrs	- HTML, CSS, and JavaScript Basics - Frontend and Backend Development - RESTful APIs	- Build a basic web application - Solve HackerRank challenges related to web development - Leverage LeetCode for algorithmic practice
Version Control with Git	20 Hrs	- Introduction to Git - Branching and Merging - Collaboration on GitHub/GitLab	- Master version control with Git - Work on Git-related HackerRank challenges
Database Management and SQL	60 Hrs	- Relational Databases and SQL Basics - Database Design and Normalization	- Practice SQL through HackerRank challenges - Learn efficient database design and optimization
Testing and Test-Driven Development	20 Hrs	- Importance of Testing - Unit Testing with JUnit/Pytest - Test-Driven Development (TDD)	- Understand the importance of testing - Apply TDD principles - Solve testing-related HackerRank challenges

TECH SKILLING – 180 Hours Plan

Subject	Duration	Learning Activities	Outcomes
Programming Fundamentals	30	- Overview of Programming Languages - Basics of Python/Java	- Understand programming fundamentals - Solve basic coding challenges - Use HackerRank for hands-on practice
Data Structures and Algorithms	40	- Arrays, Linked Lists, Stacks, and Queues - Basic Sorting and Searching Algorithms	- Master foundational data structures and algorithms - Solve HackerRank and LeetCode challenges
Advanced Data Structures and Algorithms	50	- Trees, Graphs, and Advanced Sorting and Searching Algorithms	- Learn advanced data structures and algorithms - Solve challenging HackerRank and LeetCode problems

TRANSFORMING HIGHER EDUCATION IN INDIA

Improving students' EMPLOYABILITY QUOTIENT

Creating Opportunity For Students

byteXL, founded in 2019, is a leading EdTech startup company focused on transforming engineering colleges in India and improving the employability of students. byteXL achieves this by integrating curriculum, content, and practical learning, providing students with the necessary skills and awareness on employability, and empowering them to excel in their careers.

Our **Core Values**

INTEGRITY
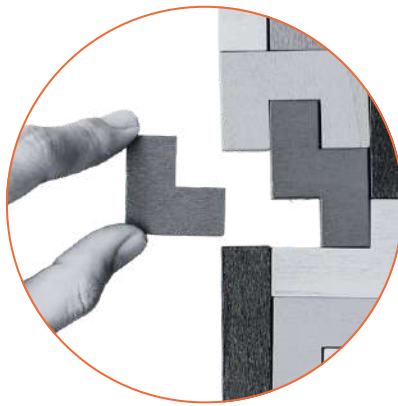

INNOVATION

CUSTOMER OBSESSION

Our **Mission**

To transform engineering colleges in India by revolutionizing the education system and creating a pathway of hope for students. We aim to achieve this by integrating curriculum, content, and practical learning, providing students with the necessary skills and awareness on employability, and empowering them to excel in their careers.

Our **Vision**

To be the leading edtech company that catalyzes the transformation of engineering colleges in India. We envision a future where every engineering student has access to a holistic and industry-relevant education that enhances their skills and employability. Through our innovative approach, we aspire to empower students, bridging the gap between academia and industry, and shaping the next generation of highly skilled professionals who will contribute to the development of the nation.

Addressing College Challenges

byteXL has the expertise to help colleges leverage technology, learning pedagogy and teaching methodologies to improve students' learning ability and skills to increase their **EMPLOYABILITY QUOTIENT.**

CERTIFICATION PARTNERSHIPS
with Microsoft, AWS, GCP, etc.

Integrated Transformation Model

We implement our **integrated transformation model** in partner colleges who seek to empower their students, facilitate their growth, and elevate the overall educational experience to meet the challenges of the modern world.

ENGAGE

FACILITATE

ELEVATE

- Provide access to necessary tools and learning resources, mentors and advisors
- Hands-on coding practice using ByteXL Online coding editor/Master videos

- Comprehensive and tech enabled teaching through academic/Industry relevant content and curriculum
- Periodic updates curriculum to industry standard and participate in BOS (frequency once every year) using industry & academic experts

- Changing general thought process and encouraging students to dream bigger and higher
- Participate in hackathons/challenges in various tools to compete against best in the world

Colleges across India are partnering with us to transform their teaching methodology and learning pedagogy in order to increase the employability quotient of their students.

byteXL's Proprietary Learning Platform

The byteXL proprietary platform comes equipped with an LMS, centralized academic & skilling content, online editor, student analytics and progress reports, real-time dashboards on individual college performance and access to coding challenges. byteXL is bridging the gap in self-guided, remote, and online learning methods, empowering students as tech-savvy, lifelong learners through technology-enabled education and reducing dependency on educators for advanced courses.

By leveraging technology to reach institutions in the remote parts of the country and making skilling affordable, we are bringing industry resources into classrooms and giving students a chance to tackle industry-relevant coding challenges.

- Visual learning tech for annotations and nano indexing

- Online compiler for complex coding challenges, cloud deployment, automation

- Reading material, pedagogy, standardizing classroom delivery

- Detailed real-time student analytics and college program performance reports

- Existing tools can be enhanced for digitization of in-classroom teaching

- Educators can act as moderators and coordinators during in-person teaching with tech tools
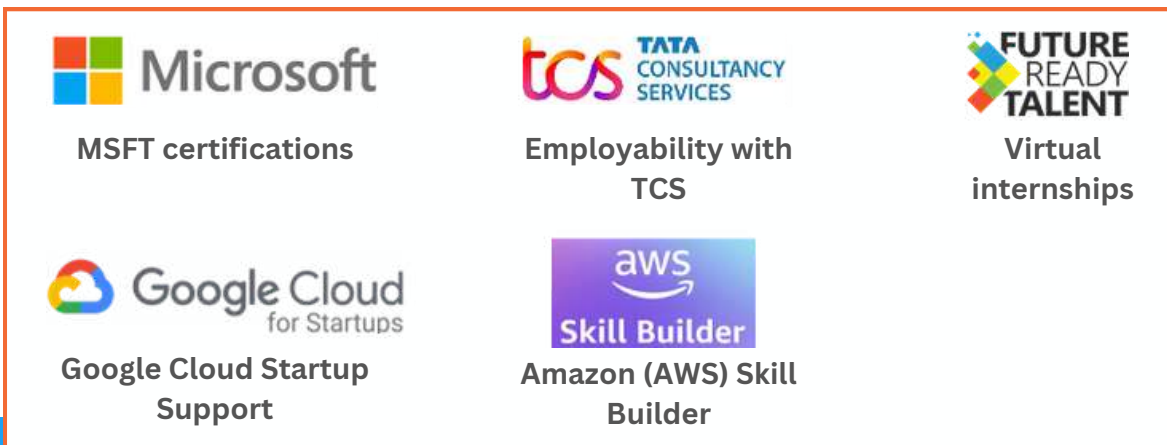

The Power of Industry Partnerships

Industry partnerships with leading tech organizations work in our favour as byteXL is uniquely positioned due to its access and reach in colleges and close collaborations with faculty management.

We bring connectivity and provide large tech companies with a talented pool of candidates they previously lacked access to from colleges that are beyond top NIRF ratings. In return, partners give access to their resources that students can leverage. By partnering with colleges and industry, byteXL is providing students with knowledge and awareness on employability to turn them into highly skilled professionals that the industry needs.

XLerate
Powered by byteXL

The XLerate Program created in partnership with Microsoft India is a program that provides adequate service and a sense of community to students from Engineering colleges.

The program provides students with the right platform and the support system they need to successfully forge a career in tech. It includes learn-by-doing programs to raise the professional certifications in fundamentals for1st and 2nd year students.

Our fundamental goal is to democratize skilling in a such a way that tech ecosystem can fully utilize talent coming from urban and rural areas equally. Being inclusive would help tech as an industry and push India to become a global digital talent hub in the coming years.

GUEST LECTURE REPORT ON

"UNVEILING MONEY MATTERS"

Event name: Money Matters Unveiled: Exploring the Essentials of Financial Literacy

Date: 31st October 2023

Venue: N-Block Seminar Hall

Time: 10:00 AM – 12:00 PM

Number of attendees: 186

GUEST SPEAKER:

Prakash Shah

ORGANIZER:

Dr. K. Bhagya Lakshmi

ABOUT THE EVENT

In a comprehensive exploration of financial strategies, "Unveiling Money Matters" delved into effective ways to manage and grow one's finances. The session emphasized the importance of discerning between active and passive income streams. Active income, earned through employment or direct services, was contrasted with passive income derived from investments. Attendees learned that comprehending this difference is crucial for long-term wealth accumulation. By understanding these concepts, individuals can navigate various avenues to make their money work for them, securing financial stability and growth.

The seminar highlighted the fundamental skill of distinguishing between needs, wants, and desires when making financial decisions. Recognizing these categories aids in making prudent choices about spending. Participants gained insights into prioritizing essential needs over discretionary wants or desires. This foundational understanding serves as a cornerstone for fostering responsible financial habits, enabling individuals to allocate resources sensibly and achieve their long-term financial goals.

An integral aspect discussed in the seminar was the establishment and maintenance of emergency funds. Participants were educated on the significance of having a financial safety net to handle unforeseen expenses. By elucidating the process of building and sustaining emergency funds, the seminar aimed to equip individuals with the tools to confront unexpected financial challenges confidently. This knowledge empowers individuals to plan for contingencies and mitigate the impact of unforeseen financial setbacks on their overall financial health.

Furthermore, the seminar shed light on various types of insurance, including term, critical, and health insurance. Attendees were educated about the importance of each insurance type in securing their financial future. Understanding the nuances of insurance options equips individuals with the knowledge to protect themselves and their families against potential financial risks, ensuring a more secure financial trajectory.

1. Introduction:

School of management studies, CBIT successfully conducted a Quiz competition in the college on 26th and 27th February for the students of different colleges. In this competition, different teams with two participants in each team gave a tough battle to each other. A total of 66 students registered for Bizz Master and proper arrangements were made for them. Rules and regulations of the quiz were explained at the beginning. It was an interesting three-round competition, including objective questions with options round (20 questions), guess the brand round (logos and taglines) and rapid-fire round which engaged the students for one and half hours. The students showcased their brilliance by rapidly answering the questions. Though some of the questions were very tricky, the teams tried to answer them with confidence. Evaluation after each round was done immediately and students were informed the results through a WhatsApp group and were also informed through calls separately. It was a very informative and knowledge enriching competition for the participants along with the coordinators. The young minds showed their skills and strengths by representing their respective teams in the general knowledge quiz. The energy and enthusiasm of the students brightened the competition. The coordinators and respective faculty coordinator worked efficiently to make the competition a grand success.
