Faculty members, with notable academic achievements, have received prestigious awards and contribute to journals and conferences. Students actively participate in clubs like ASME, SAE, Robotics, ISTE, and the Innovation Ideas Club.

ABOUT THE CONFERENCE

"Transforming Education: Exploring the Impact of E-Learning Platforms in Bharat" focuses on the evolving role of digital platforms in enhancing education in India. The conference will address challenges like language diversity, internet connectivity, and affordability, with a spotlight on integrating e-learning tools in rural and semi-urban areas.

Key discussions include AI-driven personalized learning, mobile applications reaching remote regions, and the alignment of e-learning with the National Education Policy (NEP) 2020. The event will showcase success stories and collaborations between the government, private sectors, and startups, emphasizing inclusive education and democratized access to knowledge. It aims to shape a future where every learner thrives in a digitally empowered Bharat.

OBJECTIVES

1. To evaluate e-learning accessibility and its effectiveness in improving education quality across urban, rural, and remote Bharat.
2. To identify socio-economic and accessibility challenges, including those faced by students with disabilities and disadvantaged communities.
3. To assess e-learning's impact on academic performance, skill development, and lifelong learning.
4. To recommend strategies for creating an equitable and ethical e-learning ecosystem that promotes academic integrity.

WHO CAN ATTEND

Researchers, Academicians, Policy makers and Government Officials, Representatives from Educational Institutions, Incubators, Accelerators, and Mentorship Organizations, International Delegates, Industry Professionals, NGOs and Non-Profit Organizations.

PUBLICATION

Selected abstracts will be published in an edited book with an ISBN. Full papers may be considered for Scopus and Web of Science journals, subject to publication charges.

KEY THEMES OF THE CONFERENCE
